LYCORIS - The Mystery Lily

Sometimes referred to as the hardy amaryllis, this Lycoris (squamigera) is one of the most unusual and most beautiful of flowers. The attractive green foliage appears early in the spring and flourishes until July, when it matures and disappears. Suddenly in early August the flower stems appear, grow rapidly to a height of 2 or 3 feet and burst into a lovely cluster of opalescent pink blossoms. Excellent for full sun, the hardy amaryllis grows even taller in partial shade. They are perfectly hardy and soon multiply to a large clump.

Each $1.50, Doz. $15.00

Amaryllis Formosissima

Often referred to as the Jacobean lily, this fine semi-hardy bulb produces brilliant scarlet flowers of almost butterfly shape and formation. Easily grown in the house or the low border, they multiply rapidly, forming fine clumps that lend a brilliant splash of color in the hardy border. A fine, unusual flower, too seldom seen. Our strain is the new Superba strain, much larger and finer than the species.

Large bulbs: Each 50c, Doz. $5.00

Amarcrinum

The finest new bulb hybrid to appear in recent years. The amarcrinum, a cross between amaryllis Belladonna and crinum Moorei, has the appearance of a mammoth amaryllis, but its color is an even frosty pink. Great trusses are borne proudly aloft on 4-foot stems—indeed, so worthy is this American creation that it won the coveted Cory Cup of the Royal Horticultural Society of Great Britain. Not the least attractive of this amazing flower's attributes is its scent, exactly like that of the famous Dutch hyacinth. Unlike the hyacinth's odor, that of the amarcrinum does not spread out, but remains nestled within the flower, awaiting your pleasure.

Each $2.50, Doz. $25.00
Giant Tuberous-Rooted Begonias

The answer to a gardener's prayer, these exquisite flowers are easy to grow, require little care and above all, thrive in the shade. What other plant can offer such a combination of manifest advantages? There exists in certain gardeners' minds the erroneous notion that begonias are difficult subjects, yet far from being difficult, they are exceedingly easy to grow. They actually like the shade, preferring to be shielded from the direct glare of the sun's rays. They like fairly rich soil, a reasonable amount of moisture, and good air circulation. But once planted in some such favored location, they require practically no care.

Beginning in July, tuberous-rooted begonias carry their many huge flowers in a wide range of pastel and bright colors, from pure white to yellow, pink and deep rich crimson. The lovely flowers bloom in clusters of three, one large male flower in the center and two smaller female flowers on either side. Remove these side buds as soon as they appear. They are single type flowers of inferior character and inhibit the full development of the central flower. This disbudding will make on amazing difference in the size and beauty of the flower. Under ordinary culture these blooms will reach 5 and 6 inches in diameter, although flowers up to 8 inches may be obtained by special care and attention.

**CAMELLIA-FLOWERED BEGONIAS**

The King of begonias, gorgeous flowers that appear to be huge camellias. These blooms are completely double, exceedingly lovely and are for longer than the best greenhouse camellias. Words cannot adequately describe their unsurpassed beauty.

**CARNATION-FLOWERED BEGONIAS**

Fimbriata Plena. The formal carnation-flowered begonia is an interestingly different type, having fully double flowers with short, deeply serrated and fringed petals that give the mature flower the appearance of a huge carnation. It is one of those varieties you will think a "must" once you have seen a fully developed flower.

**CRISPA BEGONIAS**

A single begonia with edges so deeply cut and frilled that it almost looks double. This type is distinguished by flowers of exquisite grace and beauty — more unusual than the other types and particularly desirable for exhibition use. Try them in a decorative arrangement. You and your guests will be delightfully surprised.

THE NEW CANNAS — flamboyant beauties
A REAL SPECIALTY AT FLOWERFIELD—WE GROW ACRES OF THEM

Today the newer cannas, lower growing and bearing brilliant flowers, are being used more and more by smart gardeners. A pink cann and pink geranium border is at once a novelty and a delight for your garden. Long prized as a foliage plant, cannas are now being grown more for their excellently colored flowers. They bloom for a longer period, and make a finer display than any other large flowering plant we know. Another great advantage of the cann is its sturdiness. They are strong enough to hold their own with shrubs and are often interplanted in shrub borders or groupings with beautiful effect.

NOT FUSSY ABOUT SOIL
Cannas may be planted in almost any kind of soil but prefer a rather heavy soil where they should be planted three to four inches deep. They may be allowed to stay in the ground in the autumn as long as they continue to grow and should be left until the tops are touched by the frost. They then may be dug and stored for the winter.

Our canna list is complete. From it you may choose the height, color of bloom and color of foliage which you desire.

City of Portland
One of the new pink cannas with green foliage. Of medium height, City of Portland with its deep rich silvery pink flowers is an excellent plant for garden use.

Eureka
The finest white variety of canna. Dark green foliage topped with large trusses of cream-white flowers. A fine low-growing variety adapted to bedding use.

Halli
This variety is one of the lowest growing of cannas, seldom exceeding 3 feet. The flower head is a delicate shade of pink on top of the bright green foliage.

Hungaria
Probably the best known of the rosy pink shade in cannas. This is a low-growing variety and combines beautifully with pink geraniums.

Miniature Dahlias

ALL THE GLORIOUS COLOR AND FORM OF THE BIG FELLOWS IN A SIZE READY-MADE FOR CUTTING

Dwarf bushy plants that require no staking, disbudding or fusing, which give you week after week, a constant supply of little Dahlias which, in everything except size, reproduce all the beauty of the giant prize-winning blooms of the big Dahlia shows.

For the home garden, the smaller size of the Miniatures is a distinct advantage. The flowers, which average about three inches in diameter, are ideal for cutting and for arrangements, for which purpose they have become extremely popular. The stacky plants 12 to 4 feet tall, according to variety and conditions, are not too big for the mixed flower border; or for planting, 18-20 inches apart each way, for a colorful mass effect. They are ideal for planting after early spring bulbs or wherever a summer “bare spot” is to be filled.

But the greatest advantage of these Miniatures is their easy culture and their “cut-and-come-again” quality. The more you cut ‘em the better they like it! If you haven’t tried any Miniatures, include a few in your next order, and take our word for it that you will be more than delighted with them, even if you don’t care for ordinary Dahlias.

MFD, Miniature Formal Decorative; MID, Miniature Informal Decorative; MSC, Miniature Semi-Cactus; MP, Miniature Peony.

Andries Orange MSC Each 75c
A bright orange flower of an exceptionally clear, attractive tone, growing on perfectly straight stems. They make a beautiful display.

Baby Beauty MFD Each 50c
Aptly named, this is the miniature of unsurpassed Jersey’s Beauty. It is violet-rose shaded to a rose pink. Its form is perfect.

Billy Boy MFD Each 65c
Deep carmine-red at perfect Miniature Formal Decorative shape, never malformed. Billy Boy is exceptionally strong and bushy and gives a valuable wealth of cut flowers.

Bishop of Llandaff MP Each 50c
An unusual and very attractive flower of bright scarlet with a deep garnet center. The lacy foliage is a beautiful reddish bronze color which makes it stand out in any planting. Highly popular.

Corinna MFD Each 50c
Pure bright yellow to brighten your garden or your flower arrangements. Of fine form and substance.

Dubonnet MSC Each 50c
Of fine deep red as its name implies, in the artistic Semi-Cactus form, this is a much sought-after Miniature dahlia.

Elizabeth Page MSC Each 75c
The best and most artistic pink Miniature Cactus. Its cream heart and nicely whirled pink petals give it a distinction achieved by few.

Fairy MFD Each 35c
An early and continuous bloomer of soft violet-rose, shading mauve at the tips. Its form is perfect and its keeping qualities are exceptional.

Jean MID Each 35c
Apricot-buff flowers suffused with lilac-rose on strong compact bushes. A profuse bloomer, some of the flowers tending toward semi-cactus.

Key MP Each 35c
Of the same form as Bishop of Llandaff, but with pure white petals well set off by a pure yellow center. A fine bushy plant.

Little Louis MSC Each 25c
An attractive pink flower of the semi-cactus type. Its form and pure color have made it a persistent prize winner.

Rosalie White MFD Each 75c
A most pleasing bicolor that has become very popular. The color of this little gem is white with broad clean-cut bands of deep rose on the edges of the petals, leaving the tips white. Plants are medium tall, sturdy growers with blooms held erect on good stiff stems.

Pink Lassie MP Each $1.50
A charming flower for arrangement, one which has taken first rank in many gardens. Soft rose-pink, with cream and lighter shading toward the center. Flowers on long, slender stems, wonderful for all purposes.

Red Head MFD Each 75c
Small fiery scarlet blooms on long stems. The color is a brilliant shade of red not usually seen.

Snowsprite MSC Each 50c
Artistically shaped flowers of glistening snow-white, on perfect stems. It is unquestionably one of the best miniatures grown. Blooms are of fine consistent form and held boldly above the foliage in profusion.

Sylvia MFD Each 50c
A fine rich deep carmine flower, 2½ to 3 inches across. Excellent as a cut flower, being prolific of bloom and sturdy in substance.

The following symbols after the name of each variety are used to designate the class of the bloom:
FD (Formal Decorative), ID (Informal Decorative), C (Cactus), SC (Semi-Cactus).

Clara Gander ID
Each 50c
An exceptional cyclamen-pink shade. The flowers are large, and of pleasing, irregular form. It is a strong growing variety with good stems.

Cometeer C
Each 75c
A good cutting dahlia that grows well anywhere. Plants about 4½ feet tall. Flowers about 6 inches in diameter, color rich clear golden bronze.

El Toreador FD
Each 35c
One of the most outstanding reds. Produces flowers of good size and form on long straight stems, ideal for cutting.

Forest Fire ID
Each 50c
A truly striking variety, well named. The large blooms blend from a yellow center to scarlet at the petal tips, giving the effect of a sweeping flame.

Frau O. Bracht SC
Each 75c
A semi-cactus type that occasionally qualifies as a cactus type. Very popular as a cut flower as well as for exhibitions. Clear primrose-yellow blooms grow profusely in any garden.

Gretel SC
Each 75c
The soft deep orange-red flowers on long stems make this one of the most popular flowers for exhibition, cutting and arrangement. Its formation is unusually perfect, the color appealing. Match this with Red Phipps, the same exact color in gloriosa.

Improved Francis Larocco FD
Each 35c
A larger and more perfect Francis Larocco. The yellow color is clearer and the stems longer.

James Kirby ID
Each 50c
A flower of beautiful crimson-scarlet blending to ruby tones at the center. The stems are tall and straight and make it an excellent cut flower.

Jane Cowl ID
Each 35c
Exceptionally large flowers of rich buff-bronze and gold blending to an apricot at the center. This tall-growing variety is one of the garden favorites.

Jean Kerr FD
Each 25c
This variety produces a profusion of perfectly shaped small white blooms on low bushy plants. An excellent garden type as well as being suited for flower arrangements.

Jersey's Beauty FD
Each 25c
The most popular and best known dahlia. Considered unsurpassed for exhibition or garden blooms. A lovely shade of lavender-pink and perfectly formed. This dahlia possesses all the good qualities of growth.

Kentucky FD
Each 25c
Bronze-pink resulting from a blend of pink and gold. A sport of Jersey's Beauty with all its good characteristics of form and growing habit. One of the better cut flowers.

Kiss Me SC
Each 40c

Miss Belgium SC
One of the most artistic and beautiful of all dahlias, Miss Belgium, as the picture shows, is delicate coral on the reverse of the yellow petals, and these petals are so twisted and curled in fine cactus form, that the coral peeks out all through the flower, as well as forming a central eye of delicate coral-pink.

Miss Elsie Jane SC
About the most artistically formed dahlia on the entire list. It is shrimp-pink with cream shadings at the center and tipped violet-rose. Blooms freely from early season to frost.

Mrs. George Le Bautoillier ID
A gigantic deep chested flower on strong stems. Bright velvety red, excellent for the show table.

Mrs. J. de Ver Warner FD
Bright lilac-rose, excellent for cutting and for the garden. One of the older varieties, it is one of the most popular, enjoying as wide a distribution as Jersey's Beauty.

Mrs. W. S. Knudson ID
A beautiful glistening white flower that blooms in profusion on strong sturdy plants. One of the best dahlias we have grown.

Mrs. Herbert O'Connor C
This artistic dahlia is a bright rose-pink shading to deep rose-pink at center. Usually classified as a Straight Cactus, it sometimes has a tendency to curve. Bush growth is tall and flowers produced in large numbers. Stems strong and flowers face nicely.

Oakleigh Monarch ID
A beautiful large red dahlia, best described by its picture. The plant is sturdy and strong, contrastinmg with the deep gamet of the decorative blooms. An excellent dahlia.

Robert E. Lee SC
Bright cardinal-red, does not fade in strong sunlight. Strong stems make this a wonderful cut flower.

Sagamore FD
Large blooms, perfectly formed, orange suffused red, produced on strong tall plants with good foliage.

Son of Satan SC
This is an improvement over Satan as it is a bright scarlet and has stronger stems. Although the petals revolute sufficiently to bring it into the Incurve Cactus Class, under varied conditions it will develop into a Semi-Cactus. Blooms 11 by 5 inches.

Star of Bethlehem SC
A distinctive white dahlia that varies in its formation from semi-cactus to informal decorative. Stems are sturdy and flowers well placed.

Sunrays ID
An unusual color; clear buff, hued apricot, with a distinct peach-red on the reverse of the petals. Flowers are large and plentiful, covering the plant. A leader among the new popular varieties.

The Commodore FD
An excellent yellow decorative dahlia, considered unexcelled in its color type. The blooms are large, of firm substance and excellent habit. Pictured above.

White Jersey FD
A white Jersey's Beauty. The petals curl a bit more than Jersey's Beauty. Centers good. A good cut flower. Always dependable.

White Abundance ID
Waxy white flowers on strong erect stems. A tall grower and the large blooms are held well above the foliage.

White King FD
Perfectly shaped white flowers on sturdy bushy plants. One of the best whites for cut flowers.
Flowerfield presents a new class of gladiolus, the Miniatures, little beauties that have a gentle grace and charm all their own. These fine hybrids are unexcelled for use in cut-flower arrangements. The flower stalks are slender, gracefully curved, seldom reaching a height of more than 4 feet. The florets are well spaced along the flower head, and are of the "hooded" type, shyly hiding their lovely throats. Their colorings are most unusual and most beautiful. Be the first to try them. You will delight yourself and confound your garden rivals.

**Orange Butterfly**
Three 35c, Doz. $1.00
A pure orange-colored primulinus gladiolus that is noted for its shape. The two upper petals extend so far on either side as to give the appearance of butterfly wings.

**The Orchid**
Three 45c, Doz. $1.50
Possibly the most beautiful of all the miniature-flowered gladiolus. The Orchid is a white flower lightly veined and suffused with light orchid-pink. The florets are delicately ruffled, adding to the beauty of this extremely delicate looking flower. A really beautiful thing.

**Red Tweedle**
Three 75c, Doz. $2.50
Blood brother to Tweedledum but of the deepest ruby throughout. A lovely dainty gladiolus.

**Tweedledum**
Three 75c, Doz. $2.50
A bicolor primulinus gladiolus of extreme beauty. The florets are beautiful warm ruby-red turning to deep yellow at the throat. The two outside lower petals are yellow with an edge of ruby, giving a very remarkable ponsy-like look to this extremely pretty flower.

**Tweedledoe**
The companion to Tweedledum but slightly larger. Very much the same type of ruby-red flower, lightly veined and edged with green gold, which brightens into an intense yellow throat of much beauty. This and its companion are two of the finest of Miniature varieties.

**White Butterfly**
Three 35c, Doz. $1.00
Similar in form and shape to Orange Butterfly and having, like that variety, the appearance of a delicate butterfly. The color, of course, is white, being a pure pristine white of great value for cut flower arrangements.

**White Tweedle**
Three 75c, Doz. $2.50
The white of the famous Tweedledum strain, identical in form to its darker brethren. Delightfully delicate.

**Mixed Miniatures**
Doz. $1.50
An outstanding mixture of these fascinating little beauties. The above and many other named varieties are carefully blended into a superb assortment of the finest calibre.

Certain of the combinations of gladiolus and dahlias are so beautifully and perfectly matched that we list them as group offers to simplify your purchase. The gladiolus in these cases should not be planted before early June so that they will bloom when the dahlias are at their best in September. For best results we recommend 10 gladiolus to each dahlia.

2 Dahlias, 10 Gladiolus for $2.25

**Flowerfield**

Inspired by the beauty inherent in all bulbs, Flowerfield offers you a new thought in garden combinations—our Matched-Mates, gladiolus and dahlias. Planted at the same time, they will bloom together, Matched-Mates because these gladiolus and dahlias are exactly alike in tone and color. The contrast between the stately flower spike of the gladiolus and the majestic globular head of the dahlia creates an artistic, complementary balance unsurpassed in the garden or far arrangements in the home.
WHITE MATCHED-MATES

MINIATURE DAHLIA, Snowsprite
Artistically shaped flowers of glistening snow-white, on perfect stems. It is unquestionably one of the best miniatures grown. Blooms are of fine consistent form and are held boldly above the foliage in marked profusion.

GLADIOLUS, Polar Ice
So white that it is almost a blue-white, like the snow on top of a high mountain, or like the polar ice for which it is named. The florets are extra-large and very well arranged.

FLAME MATCHED-MATES

DAHLIA, Gretel
The soft deep orange-red flowers on long stems make this one of the most popular flowers for exhibition, cutting and arrangement. Its formation is unusually perfect, the color appealing.

GLADIOLUS, Red Phipps
A striking red flower with vivid green foliage, suggesting the red and green of a Christmas wreath. A very brilliant effect for the garden, and equally good for cut flowers. The flower spike is long, with many open florets at one time.

YELLOW MATCHED-MATES

SINGLE DAHLIA, Pequot Yellow
A 5-inch broad-petaled flower of clear yellow, graceful on a strong wiry stem. Unsurpassed for exhibition. Its pure color makes it a “must” in your garden. Height 3 feet.

GLADIOLUS, Miss Bloomington
A beautiful clear deep yellow. This gladiolus carries very large florets for the yellow class, and is one of the newer varieties. Tall, upright.

RED MATCHED-MATES

DAHLIA, James Kirby
A flower of beautiful crimson-scarlet blending to ruby tones at the center. The stems are tall and straight, and make it an excellent cut flower.

GLADIOLUS, Commander Koehl
A fine dark scarlet-red without any marking or blotsches, a sturdy consistent grower, which has made a great name for itself.

PINK MATCHED-MATES

DAHLIA, Elizabeth Pape
The best and most artistic miniature cactus dahlia, growing on strong bushy plants. Its cream heart and nicely whirled pink petals give it a distinction achieved by few.

GLADIOLUS, Picardy
The pink gladiolus shown on page 18, one of the most popular flowers ever hybridized. The cream throat sets off the lovely pink petals, and matches the cream heart of dahlia Elizabeth Pape.
Flowerfield has an unusual interest in presenting modern gladioli. Our founder, John Lewis Childs, was the introducer to this country of the gladiolus in the present state, the gladiolus Childsii. Prior to his work in hybridizing, the gladiolus was a small, half-wild plant of graceful effect but little garden value. Through John Lewis Childs all of the modern advances in gladiolus culture were made possible. And that is why we feel that Flowerfield must carry on and present only the finest and best in gladioli. Naturally, with such an advantage, we, probably more than any one else in the country, know how to grow healthy, sturdy bulbs; and we do grow them, and hereewith offer them to you.

Among the stylish gardeners, gladioli were for a time relegated to a spot in the cutting garden. For the past few years, however, more and more people have been coming to realize the very unusual success which may be obtained through proper use of the modern gladiolus in your border. Present day American hybridizers have produced many beautiful large-flowered varieties, in a range of color truly comparable to the rainbow. Gladiolus may be considered to have come into its own again.

Gladiolus have an advantage for the American grower in that they are extremely easy to grow, and, where good stock is used, are subject to very few diseases. They are one of those “easy gardening” plants. They prefer a sunny location, and well-drained soil. Planting should be from 4 to 6 inches deep. Our bulbs are absolutely guaranteed free from thrip and other infestations. Listed on the following pages are all of the good new varieties, and all of the finest standard varieties.

THE NEWEST GLADIOLUS

UNUSUAL and DISTINCTIVE for CONNOISSEURS and EXHIBITORS

ALGONQUIN
Three 50c, Doz. $1.75
A brilliant light scarlet gladiolus distinguished by very large florets and exceedingly long formal heads, often having 8 or 9 florets open at once, staggered closely up a flower head that reaches 30 inches long, topping a spike with a height of as much as 5 feet. It is one of the finest new bright reds.

BARCAROLLE
Three 50c, Doz. $1.75
This is undoubtedly one of the most beautiful orange gladioli ever hybridized. The florets are finely ruffled, adding to the value of this most excellent flower. The color is a clear grenadine orange, and falls in a color class that has so long been lacking proper representation in the gladiolus family.

BINGO
Three 50c, Doz. $1.75
One of the largest of glads, attracting attention wherever seen. The huge florets are delicate pink in tane, lightly flecked deep pink and well accented by a rose and cream throat. Although a bicolor, its general effect is that of a huge pink flower. The growth habits are excellent and Bingo will be a worthy addition to your garden.

BLUE PEACOCK
Three 75c, Doz. $2.50
A fine new glad, the best of the blues for garden use. The buds come out a bright slaty blue changing to a light lavender-blue as they open. The florets are marked with a small white blotch on the lower petals running into a large blotch of reddish purple in the throat. The stems are sturdy, upright, and the garden effect is stunning.

CHAMOUNY
Three 75c, Doz. $2.50
For those who like the unusual in flowers, no one could recommend a better subject than Chamouny, a light fuchsia-red, edged with a white line around the border of the petals. Bearing a medium-sized floret, Chamouny is very striking yet dainty. It is on outstanding variety for the garden, or for unusual arrangements in the home. Pictured on page 17.
GARDENIA

Three 50c, Doz. $1.75

A new cream-white that is compellingly beautiful. It is probably best described by its picture on page 17. We can only add that its stature and vigor leave nothing to be wished for. An outstandingly fine gladiolus.

GREEN LIGHT

Three 50c, Doz. $1.75

The especial charm of this variety arises from its peculiar greenish gloss, which overlays the milky white of the large, well-formed, slightly ruffled florets. This is particularly pronounced in the bud stage, when the flower appears really green, a very unusual occurrence in Nature.

GRETA GARBO

Three $1.35, Doz. $5.00

A recent introduction, this flower has taken and will continue to take more prizes than any other gladiolus we know. Greta Garbo is sometimes called a pink, sometimes referred to as a cream, for while the buds and the first opened florets are a very light cream-pink, the flower rapidly becomes a rosy white. As the florets open to their full size, which often measures six inches across. Greta Garbo averages probably more florets to the spike than any other variety grown, and this flower spike is carried well above the ground on a tall, very strong stalk. Pictured on page 16.

IRAK

Three 45c, Doz. $1.50

A large spike of silvery rose, hued and mottled with lavender and flame. An outstanding smoky variety that will create much comment, whether in the garden or in floral arrangements.

LEONA

Three 40c, Doz. $1.25

One of the finest new deep magenta-red gladiolus of recent years. Leona has florets which are definitely alternate in character, proceeding from side to side up the strong sturdy stalk and being set close together, almost crowding one another. The flowers are of very smooth almost velvety appearance and make a beautiful combination with some of the brighter gladiolus shades, either in the garden or cut flower arrangements.

MARGARET BEATON

Three 45c, Doz. $1.50

One of the best new varieties that has appeared on the market in recent years. The color, as illustrated, is a startling contrast of red and white, and is the most talked of new gladiolus of the past year or two.

MYRNA

Three 50c, Doz. $1.75

In spite of their huge size, the florets of this most beautiful flower are gracefully placed on a strong stalk that is tall and erect, glistering white with just a faint suggestion of cream deepening in the throat, where it assumes an almost greenish cast. Myrna is one of the best new gladiolus and has won many prizes on the exhibition tables as the finest new white.

TAKINA

Three 40c, Doz. $1.25

This is the largest gladiolus listed. It has been exhibited with florets measuring 8½ inches across, 9 open at a time and grown to a height of over 6 feet. The color is a beautiful lilac-purple which seems to emphasize the huge size of Takina.

VEE CREAM

Three $1.35, Doz. $5.00

A striking cream-yellow that is sharply contrasted by a beautiful red throat. Vee Cream is indeed a beautiful flower, one of the best introductions in its class in several years, outstanding for use in garden or in the home.

Collectors Mixture

An unrivaled assortment of the very finest gladiolus, garnered from the above list and from new named varieties of which we have too few to list. We guarantee the utmost satisfaction with this mixture, whether for garden show, table decoration, or general garden beauty.

Dozen $1.00  Hundred $7.00
**GENERAL LIST OF GLADIOLUS**

**Greata Garbo**

Greata Garbo  Three 75c, Doz. $2.50

A recent introduction, this flower has taken and will continue to take more prizes than any other gladiolus we know. Greata Garbo averages probably more florets to the spike than any other variety grown and this flower spike is carried well above the ground on a tall, very strong stalk.

**American Commander**

Doz. $1.25

A soft begonia-rose that is unmatched in tone by any other gladiolus. American Commander is useful not only in its unusual shade but for the fine large well-placed flowers that it bears.

**Bill Sowden**

Doz. $1.00

One of the huge-flowered varieties which has come from New Zealand, Bill Sowden is a very deep rich red of heavy substance. This variety has been a prize winner at many shows, and deservedly so.

**Bleeding Heart**

Doz. 95c

A small-flowered variety that is most striking because of its soft pink and white florets contrasted by deep crimson throats. A very lovely cut flower, or a graceful addition in a border.

**Blue Beauty**

Doz. 95c

The color of this outstanding gladiolus is light blue, with the edges of the petals lined in violet-blue tones. Large sized florets of fine form. This is an excellent exhibition variety, and has taken many prizes.

**Blue Danube**

Doz. $1.00

A lovely pure amethyst-blue with a dark blotch. The closest to a blue variety yet developed, very little of the mauve shade in it.

**Charles Dickens**

Doz. 95c

A rich solid magenta colored gladiolus, most attractive for garden or cut flower use. Especially striking when used in combination with a bright yellow, such as Miss Bloomington, where the sharply contrasting colors make a beautiful picture. Exceedingly popular as a cut flower.

**Dr. F. E. Bennett**

Doz. 95c

Probably the best of all around bright red, Dr. Bennett is pure scarlet-red, growing strong and sturdy in your garden. Although there are many newer reds none are as bright or as well formed as this variety, which has stood the test of time. Many florets are open and there are more buds to the stem than any other red.

**Commander Koebl**

Doz. 95c

A fine dark scarlet-red without any marking or blotches, a sturdy consistent grower, which has made a great name for itself.

**Damaris**

Doz. $1.50

A ruffled variety that is one of the loveliest colors for your garden, being a beautiful fuchsia-purple. It is particularly effective when used in an arrangement of cut flowers. One of the best gladiolus we list.

**Duma**

Doz. 95c

A soft buff-pink which fades to cream at the petal's edge. The backs of the petals are a different color, being a darker pink, which seems to set off the flower's lightness. Four to six large flowers are open at once on a straight spike of medium height.

**Gate of Heaven**

Doz. 95c

Possibly the best all-around yellow. It has well-spaced florets beautifully ruffled which are the largest of its color class. Its brightness makes it worthy of its name.

**Isola Bella**

Doz. 95c

This is a fine new introduction but a hard one to describe. It is really an orchid-pink with a soft lilac hue. The petals are slightly ruffled, but even at the bud stage show this lovely color, very much like that loveliest of Iris Kaempferi, Light-in-the-Oap.

**Loyalty**

Doz. 95c

A yellow that is so deep it almost becomes an orange. This gladiolus carries very large florets for the yellow class, and is one of the newer varieties. Tall, upright.

**Pelegrina**

Doz. $1.00

The only pure dark violet-blue variety that has stood the test of time and growing conditions. An early variety, Pelegrina blooms very uniformly, all the spikes coming into bloom within a day of one another. The florets are medium sized, deep blue, almost black in color.
GENERAL LIST OF GLADIOLUS

Mary Elizabeth  Doz. $1.00
Very attractively ruffled. Mary Elizabeth is the best late white for cut flowers, for bowls, or arrangements. Pure white on the outer edges of the petals, Mary Elizabeth is enlivened by a creamy throat. The flower is dominated, however, by the heavy ruffling of the petals, most attractive in form.

Mammoth White  Doz. $1.25
Mammoth as its name, this huge snow-white gladiolus is ideal for those who like huge blooms. A sturdy, tall variety that is equally at home in the garden or as a cut flower. This is one of the few whites that has no creamy throat—it is pure snow-white.

Marmora  Doz. $1.00
A beautiful French-gray with pink over-tones and a throat of dark red-purple. A most striking and lovely variety, in an unusual shade. The blooms are very large and are beautifully placed on long, straight stems.

Miss New Zealand  Doz. $1.00
The original New Zealand type gladiolus with typical huge florets and heavy stalks. Miss New Zealand is a soft coral-ruby with a deep ruby shield in the throat. The florets are immense, of triangular, informal shape with many open at a time, and sometimes are delightfully mottled with darker rose colored spots. It is one of the best.

New Era  Doz. $1.50
This new gladiolus is so heavily ruffled that this characteristic stands out even before one notes its superb coloring. The rich cream-coral-pink florets completely fill the tall, straight spikes. It is a really good new variety. Even two or three spikes of New Era will make a splendid showing in a vase.

Polar Ice  Doz. $1.15
So white that it is almost a blue-white, like the snow on top of a high mountain, or like the polar ice for which it is named. The florets are extra large and very well arranged. One of the earliest varieties to bloom in the garden. Excellent for forcing.

Red Lory  Doz. 95c
That much sought after rose-red color, almost the color of sunlight seen through a glass of burgundy wine. Red Lory is most popular, either for a vivid contrast in your garden or a beautiful effect in a bouquet.

Red Phips  Doz. 95c
A striking red flower with vivid green foliage, suggesting the red and green of a Christmas wreath. A very brilliant effect for the garden, and equally good for cut flowers. The flower spike is long, with many open florets at one time.

Rima  Doz. $1.35
A large, but without dainty, pearly pink, Rima is for those gardeners who like pastel shades, and will undoubtedly become one of the most popular gladiolus that we list. Tall and stately with many florets opening at a time, Rima is an excellent exhibition or garden variety.

Shirley Temple  Doz. 75c
A huge cream and white variety. When grown in the full sunlight, this gladiolus will make stalks that curve fantastically, but if planted in an area where it does not get too much sun, it will become one of the finest exhibition varieties of gladiolus.

Surfside  Doz. $1.50
The well known new white which has taken many prizes in the New England shows. Surfside has beautifully ruffled white blooms with a slight pencil line in the throat. The large number of florets open at once distinguish this variety.

Customers Who Wish Larger Quantities
May order 100 of any kind at seven times the dozen rate. This saving to you reflects our saving resulting from lower handling costs, and we are happy to pass it on.
**AVE MARIA**  Doz. $1.25  
The lovely soft blue florets have a deep red-purple throat and a most graceful form. The color and substance are such that this is one of the best of the light blue varieties of gladiolus. It is an ideal cut flower and equally good in the garden.

**BAGDAD**  Doz. $1.00  
One of the most outstanding gladiolus in the “smoky” class. The perfectly huge flowers flare wide open, almost crowding each other on the stiff tall stem. The color is difficult to describe, but is well shown by the picture below. A strong sturdy grower, Bagdad has one of the strongest stalks of all gladiolus. It is ideal as a cut flower, or in the garden, where it grows sturdily without staking.

**BEACON**  Doz. $1.25  
A new variety that is a scion of the healthy Picardy strain. Beacon has many of the same growing traits as Picardy, which is perhaps as good a recommendation as can be made of any gladiolus, the spikes being very tall and carrying many large florets open at a time. Beacon is a most sturdy gladiolus with a striking color scheme, as illustrated.

**KING LEAR**  Doz. $1.25  
A very tall variety, King Lear has the beautiful fuchsia coloring ruffled florets. The gracefully curved stem and lovely flowers of King Lear make it a most decorative variety for the garden.

**MAID OF ORLEANS**  Doz. $1.25  
This is a fine all-around white, particularly adapted to cut flower purposes. A soft cream shade in the center tends to turn pure white on the outer edges of the petals. The florets are well shaped and particularly well arranged on the long flower head. This variety is long lasting when cut, making it ideal for arrangements.

**MINUET**  Doz. $1.15  
The standard orchid-pink gladiolus so well known as a cut flower at your local florist. As many as 8 florets are open at once, almost crowding each other on the long stiff, straight spikes. An ideal cut flower, lasting a long time after cutting.
VARIETY IN ITS COLOR RANGE

MISS BLOOMINGTON Doz. $1.15
A fine canary-yellow with many florets open, arranged ideally along a good spike. A most decorative type of gladiolus, particularly attractive when used to set off darker spots in the border or to contrast with the deeper-toned gladiolus. A fine variety for cutting, one to lend brightness and cheer to your arrangement.

PELEGURNA Doz. $1.00
The only pure dark violet-blue variety that has stood the test of time and growing conditions. An early variety, Pelegurina blooms very uniformly, all the spikes coming into bloom within a day of one another. The florets are medium sized and the deep blue is sometimes marked with a purplish blotch on the lower florets, making it appear almost black in color. Illustrated on page 16.

PICARDY Doz. $1.25
Unless and until some of the newer gladiolus are as popular and as worthy, Picardy is and will be the gladiolus. Almost too well known to describe, Picardy is a lovely pink flower shown below and is to be seen wherever gladiolus are exhibited, be it at the Flower Show or at the Flower Shop. Grown from our huge and healthy bulbs we know that you can have the finest gladiolus in your garden when you grow Picardy. A superb variety whose spike is always straight, erect, and carries many florets open at a time.

REWI FALLU Doz. $1.25
Huge and red, this gladiolus is another of the New Zealand varieties so well known for their tremendous size and extraordinary vigor. Named for its Maori hybridizer, Rewi Fallu is one of the finest dark reds known, an ideal variety for garden or cut flower use. Even the topmost bud opens into a flower of very large size. There is nothing finer in the darker red class.

ROCKET Doz. $1.15
A most vivid scarlet of fine proportions. The large florets are perfectly placed on its excellent spike. It is probably the best scarlet of all, certainly the best in its price class. Not the least of its many advantages is that from 7 to 8 florets open at once, giving a wonderful splash of color in the garden.

VAGABOND PRINCE Doz. $1.25
One of the most striking gladiolus for cut flower arrangements that has yet been hybridized. Vagabond Prince is a deep mahogany-colored flower, livened by a garnet shield in the throat, and across the lower petals. The substance is similar to that of Picardy, having the stiffness of that most worthwhile variety. The spikes are strong, sturdy, and straight, carrying many florets open at a time. Vagabond Prince is an ideal color for indoor cut flowers for it blends into surroundings where no other color will serve.

Flowerfield Mixture
Doz. 95c, Hundred $7.50
All of the above kinds and many unusual anemones of great beauty in a comprehensive assortment of outstanding beauty.
**Double Tuberose**

Grandmother's favorite flower, the tuberose, is best known for its extreme fragrance. The flowers are waxy white, and bloom beautifully on spikes 2 to 3 feet high. They may be planted indoors in pots or directly placed into the garden in May and should be covered with 1 inch of soil.

Large Bulbs

Three 50c, Doz. $1.75

**Ranunculus**

The beauty and striking colors of these fine globular flowers are their own best recommendation. Our mixture is the finest offered—plant-flowered varieties in a great range of colors: red, yellow, rose, gold and intermediate shades too numerous to mention. The exquisitely formed double flowers are grand for cutting, equally good as a border plant, particularly when planted in clumps or in beds like tulips.

Doz. $1.00, Hundred $7.00

**Ismene Calathina**

One of the stateliest and most impressive flowers that grow is the ismene calathina or Peruvian daffodil as it is sometimes called. It is really one of the choicest of all garden subjects. The ismene carries very large (4 to 5 inches across), snowy white, amaryllis-like flowers that are delightfully fragrant. Our extra large bulbs will send up tall flower stems 2 to 2½ feet tall, each one bearing 3 or 4 of its magnificent blooms. Altogether one of the loveliest and most unusual flowers that we offer. Plant them in well-drained soil in late June. Your floral reward will arrive in August, stunning for home or garden decoration.

Monster Bulbs

Each 50c, Doz. $5.00

**FLOWERFIELD'S BULB FOOD**

Since 1874, Flowerfield has grown and sold the finest bulbs in America. This has been the result of much hard work and much research into the best methods of growing bulbs. You can imagine, then, that the food we use to grow your superb bulbs MUST be a superior product. And it is, as our years of experience have shown.

Mixed with the soil in which bulbs are to be planted, Flowerfield Bulb Food will produce results that will truly amaze you, blooms that far exceed our catalogue's claims. Not only does our Bulb Food feed your bulbs (and plants, too), it also acts as a soil conditioner, putting new life and vigor into your garden or potting soil.

Once you try it, you'll want to feed everything in your garden with Flowerfield's Bulb Food.

Quart 25c, Peck (8 quarts) $1.00, Postpaid
Fancy-Leaved Caladiums

Beautiful plants prized for their brightly colored highly variegated leaves. Green, pink, red and silver predominate. Some are almost solid colors, others two-toned, veined or mottled with combinations of these and other colors. These fine decorative plants will be an addition to any room or window box.

Candidum  
Each 50c, Doz. $5.00  
Pure snow-white leaves beautifully etched with green ribs, and narrowly edged in the same vernal-green. One of the finest and most popular of all caladiums.

Ilacapus  
Each 50c, Doz. $5.00  
The entire leaf is terra cotta colored, with a narrow green border carrying red dotting through it. One of the most beautiful and effective caladiums.

Lord Derby  
Each 50c, Doz. $5.00  
A fine delicate rose, almost transparent, with dark green ribs and a narrow green edge. The leaves are especially abundant in this sturdy variety.

Macahyba  
Each 50c, Doz. $5.00  
Dark moss-green, profusely spotted and mottled with transparent lilac blotches. The ribs are scarlet, heavily emphasized and outlined.

Mixed Colors  
Three $1.25, Doz. $4.50  
The above and many other unusual caladiums, in a most effective mixture.

Gloxinias

Brilliantly colored flowers that are easily grown by anyone. In fact, there are few house plants that grow so quickly and easily, and make such a splendid colorful showing when in full bloom. Their gorgeous velvety flowers last for months, and make a stunning effect between the large, soft, handsome leaves. The bulbs may be planted from late January to late May. If started early they are in full bloom for Mother's Day, and make an excellent gift for her. Place one bulb to a five-inch pot filled with good rich sandy loam. Cover bulb about one inch and place pot in a sunny window. Water sparingly until growth appears, then increase so that the soil is always moist but not wet. The bulbs can be used over and over for many years.

Emperor Frederick  
Each 50c, Doz. $5.00  
Pure bright scarlet, beautifully edged with a band of white. A very effective contrast.

Emperor Wilhelm  
Each 50c, Doz. $5.00  
The base color is deep violet, the border is white. The plant is remarkably similar in habit to Emperor Frederick.

Etélie de Feu  
Each 50c, Doz. $5.00  
Striking scarlet with no shading or diffusions. The brightest and most useful for indoors where bright colors are so desirable.

Mont Blanc  
Each 50c, Doz. $5.00  
Snow-white, soft and fleecy looking as new fallen snow—a fine house plant.

Prince Albert  
Each 50c, Doz. $5.00  
Deep dark violet, in a color very similar to that of gladiolus, Pelegrina. Lovely for a bright spot in your house.

Mixed Colors  
Three $1.25, Doz. $4.50  
A fine mixture of the above and other fine gloxinias, sure to please.

Gloriosa Lily

This exotic oriental-looking flower, often called the Climbing Lily, grows 5 to 6 feet up a trellis or other support and produces many of its gorgeous lily-like flowers. The blooms open a bright yellow and red, and slowly change to a deep scarlet. Gloriosa does well in sheltered spots outdoors, and flowers during the summer months. Indoors, it flourishes in the greenhouse and produces beautiful cut flowers for arrangements or corsages. A most unusual and beautiful flower.

Strong tubers: Each 75c, Doz. $7.50
Calla Lilies

A delightful and unusual summer-flowering bulb for your garden. Plant clumps of them in the foreground of your sunny border, your perennial garden, or in pots for indoor bloom. You will enjoy the beautiful trumpet-shaped flower, and the peculiarly spotted, low-growing green foliage. The new pink calla is a particularly lovely variety, being very small and dainty. All grow well in moist soil, and will stand partial shade.

Alba Maculata (White Calla)
A note of glistening purity for your garden. The attractive spear-shaped leaves are mottled green and white, attractive even before the 18-inch tall flower blooms in late August. The white calla is truly one of the loveliest garden bulbs.

Elliotiana (Yellow Calla)
The best known and most widely used calla lily, and deservedly so, for the deep golden yellow flowers are truly magnificent. The foliage is spotted much as Alba Maculata, and are a fine decoration for the garden or indoors where callas also thrive.

Rehmanni Superba (Pink Calla)
The new improved pink calla, large and lovelier than ever. The plants average 12 inches in height, and give forth several of these most beautiful flowers. The illustration really tells the story better than we can.

When ordering, be sure to include a supply of our special Bulb Food for best results with all kinds of bulbs. See page 21.

OXALIS - lovely as edgings

This four-leaved, clover-like plant, often called the American shamrock, has delicate pink or white flowers that add to its beauty. Oxalis grows and blooms profusely and forms exceptionally graceful edgings for walks and flower borders. It also may be grown in pots indoors or in hanging baskets.

Lasiandra
Four-leafed foliage, light pink flowers.

Martiana
The three-leafed white-flowered variety.

Shamrock
Four-leafed foliage, rose-colored flowers.

Mixed
All colors.

Hyacinthus Candicans

An unusual, showy plant growing 4 to 5 feet high and bearing 30 or more pure white bell-shaped flowers during August and September. Hardy south of Washington. A mass of a dozen or so bulbs will produce a spot of unusual, arresting beauty in your garden. Try some this year — you'll be delighted with their cool charm.

Lumbo bulbs

Each 25c, Doz. $2.50
Lilies in the garden strike a note of majestic and graceful dignity. Originally collected from the mountains and prairies of our own country and from far-off corners of the world, they vary greatly in flower, time of bloom and cultural requirements. Flowerfield offers an exceptional group of the finest lily varieties, outstanding in the unusual colorings and exotic charm they bring to the garden. Their steady progression of bloom from June to late September is a delight to all.

**Regale Lilies**

Well known as the Regal or Royal lily, there is no lily that bears a more beautiful or more penetrating perfume. A single stalk of this lovely flower will pervade the entire room if allowed to stay there but a few hours. The tall stalks, 4 to 5 feet high, are topped by beautiful trumpet-like flowers that are pure white inside and tinged with rose outside, increasing the splendor of their garden effect. Of all the lilies, the regale is perhaps the most satisfactory for garden use here in America. It grows sturdily, prolifically, and beautifully. The regale lily is very floriferous, a single established bulb bearing as many as 20 flowers during the season. Like all the other stem-rooting lilies, regale should be planted deep, allowing at least 3 1/2 times the diameter to cover the bulb. Also in common with other lilies, it demands drainage, yet must have moisture, too. A handful of sharp sand or gravel underneath the bulb will satisfy this small requirement. And the results will indeed reward you for the trouble taken.

*Each 35c, Doz. $3.50*

**Madonna Lilies (Candidum)**

This is the universally known and loved Madonna lily, one of the most beautiful of all white lilies that grace the garden. As shown in the picture, the Madonna lily has a heavy cluster of pure, pristine white, trumpet-like blooms, borne 3 1/2 to 4 feet high on sturdy, attractively foliaged stalks. Candidums bloom in late June and early July and have traditionally been combined with the darker blue forms of delphinium—an effect that has never failed to exact gasps of admiration. Here at Flowerfield we have combined them with Blue Giant Iris Kaempferi, a deep blue iris of extreme beauty. The effect is truly lovely.

*Lilium candidum* has been traditionally planted in August and September, for unlike other lilies, it starts its leaf growth early in the fall, producing a rosette of leaves that protect the plant through the winter. Flowerfield, however, is happy to be able to offer Madonna lilies for spring planting to those who failed to plant them last August. Our secret is simple—we handle them as if they were perennial plants instead of lilies, and each one is dug to your order from our nursery row, the roots are carefully packed in moss and the entire growing plant is immediately shipped to you, ready to be planted in your garden and bloom this year. Plant them in a sunny, well-drained spot in ordinary garden soil. They require shallow planting only, with the top of the bulb only an inch or two beneath the surface.

Speciosum Lilies

Of all the choice garden lilies the speciosum are the best known and best liked of the recurved type. Tall, sturdy plants carry their well-branched sprays of magnificent, delicately scented flowers. Even the foliage is decorative, for the stems are most gracefully curved and the leaves are long and handsome. The reflexing flower petals are of thick heavy substance and stand up beautifully as a cut flower and likewise last a long time in the garden. Speciosum lilies are easily grown and are one of the most satisfactory lilies from a decorative point of view that can be put in any garden. It thrives in full sun, flowers in August and September and demands little in the way of attention other than an occasional watering during dry spells.

Stem-rooting, the speciosum lilies must be planted deep in the soil, 9 inches or more. Good drainage should be provided, and also ground shading plants near the bulbs, for this lily dearly loves to have its roots shaded. The speciosum types love good rich earth, and have but two dislikes—lime and fresh manure, neither of which should be used with these beauties.

ALBUM

Each $3.50

The white form of speciosum, exceedingly beautiful, exceedingly rare at the present time. We will have a very few bulbs available for spring delivery.

MAGNIFICUM

Each $1.25, Doz. $12.50

A cream-pink with a light edge and vivid crimson speckles. As shown in the picture, the petals recurve characteristically and are somewhat fluted on the edge. The form and color are exquisite. It has few rivals in beauty.

Henryi Lilies

One of the very best of the border lilies, reaching a height of 6 feet when well established and bearing more than 20 beautiful flowers. Even the foliage and flower stalks are attractive; being very similar to the extremely graceful speciosum type lily. For the gardener with greenhouse facilities, the Henryi lily offers a most noteworthy subject, for greenhouse-grown bulbs have produced flowers measuring more than 8 inches in diameter. Outdoors, plant these bulbs in any drained loamy soil 3½ times as deep as their diameter, for they are stem rooting. A partially shaded location somewhat sheltered from high winds will suit this lily best—yet it will grow even under adverse conditions.

Each 75c, Doz. $7.50

Superbum Lilies

The Superbum lily, a native of the eastern coast of the United States, as its name would imply, one of the very finest of all the lilies. In late July the tall plants bear from 20 to 30 beautiful recurved flowers of varying hues, some being pale yellow spattered maroon, some being orange or even deep crimson, spattered black. It succeeds even in swampy land where other lilies will not grow, and thrives in acid spots or in shady areas. Established plantings form clumps of several stalks which may reach 8 feet in height, proudly bearing the brilliant clusters of gracefully recurved flowers for which it is so justly famous. The Superbum lily is a base-rooting variety and needs be planted only 4 inches deep for best results.

Each 50c, Doz. $5.00

Umbellatum Lilies

Large, upright cup or chalice-shaped blooms of bright scarlet held erect on stems 1 to 2 feet high. Flowers in June and is very effective in the foreground of the border. Naturalizes perfectly.

Each 35c, Doz. $3.50

PERMANENT FRAMEWORK OF THE GARDEN

Hardy plants create for you color for the home landscape, essential effects and high lights for borders and flower beds. Around them can be arranged all the innumerable variations that make gardening a delight. Each year new arrangements may follow the trend of times, the newest at flower fashions, and one's own urge to experiment and explore. When the two are skillfully blended, then you have a garden.

TROUBLE FREE—LAVISH OF BLOOM

No constant replanting is necessary. Set each sturdy perennial in its own citadel, and it will defy all the hazards of Nature. Then, year after year, they will clothe your garden with a many-hued coat of color. Some of them will be stately and dignified, others shy and retiring, and many more will smile and smile, just to gladden your heart. Choose them for their best use and they will reward you tenfold.

AQUILEGIA - Columbine

Excellent for sunny locations, or in combination with other perennials, and for partial shade, where one has few really bright, abundantly flowering perennials. Soil should be good and with a rich humus content. Best grown in clumps of three or more. Flowers in May and June, growing 3 to 4 feet in height.

Chrysanth
Bright golden yellow. Hos on unusually long flowering period, two months or more.

Chrysanth albo
Pure white form of the above.

Coerulea
Famous Rocky Mountain columbine, of intense dark blue. Spurs are of moderate length.

Crimson Star
One of the finest varieties for the garden. Thes blooms are huge, with pure white centers set off by crimson edging and long spurs. Unusually robust in growth, and very free blooming.

Flabellata nana alba
Rock garden variety, with the prettiest foliage imaginable. Large, light green leaves, cut in rounded fashion. The plants grow in orderly, clean-cut clumps, with the tops of the flowers just about a foot from the ground. The blooms are pure white, of compact form, with short, broad spurs.

Scott Elliott Long-Spurred Hybrids

A really wonderful strain of the finest long-spurred type. The colors range through every conceivable shade. There are pastel tones, and rich, bright colors. Plants are vigorous in growth and bear a wonderful crop of flowers.

Clematiflora

A new variety. The result of crossing long-spurred hybrids with the old-fashioned single ones, they are practically spursless. They come in many beautiful shades and produce abundant flowers on 15-inch stems. A fine plant that is too seldom seen.
Hardy Asters

Invaluable fall flowers, blooming between the last of the summer perennials and the late fall chrysanthemums. Since different varieties range in height from 1 to 5 feet, they may be used at the edge, center, or background of borders. They grow in any kind of soil, and persist without attention for years.

Beechwood Challenger
Three $1.50, Doz. $5.00
Free-flowering, of medium height, and brilliant crimson-red color. 3 to 4 feet. Undoubtedly today's finest red aster.

Climax
Three $1.50, Doz. $5.00
One of the best and showiest, with large spikes of light lavender-blue flowers. Grows to 5 feet.

Harrington's Pink
Three $1.50, Doz. $5.00
One of the finest of the fall asters, and the only one that is really a pure pink in color. The plants are shapely in habit, growing about 3 1/2 feet tall. Great sprays of blooms are carried, with individual florets of large size, suitable for cutting.

Mt. Everest
Three $1.35, Doz. $4.50
By far the finest and best white. Flowers are large, pure white, with a very small eye. In growth the plants are shapely, with the flowers carried right down to the ground. Height, 3 to 4 feet.

Royal Blue
Three $1.50, Doz. $5.00
The deepest and best blue; a good strong grower that blooms quite early. Medium height (about 3 feet).

Frikarti, Wonder of Staffa
Three $1.75, Doz. $6.00
The most useful of all hardy asters. Established plants begin to bloom in late June and continue right through until hard frost. They are excellent to combine with hardy chrysanthemums and are perfect for cutting. The flowers are large, measuring as much as 2 1/2 inches across and are borne continuously and in great numbers all season. The foliage is distinct and attractive, making an excellent background to the flowers. Developed plants grow about 3 feet high and about 2 feet broad. Plant on high, welldrained soil. They do not like lowlying locations or heavy soil.

Violetta
Three $1.75, Doz. $6.00
The picture describes this lovely aster. If this is what you want in an aster, Violetta will supply your needs. The bush pictured is about 2 feet high. It is truly in a class by itself.

In offering chrysanthemums, we have selected the best new Korean hybrids, and the most rugged and sturdy of the older varieties. The color range is comprehensive, including bright, warm colors that add glow to the autumn garden, light pastel shades for cutting, and russet and bronze tones, without which fall is not complete.

All are of easy culture, and if planted this spring, will give you huge clumps at bloom beginning in September and continuing until hard frost. For best results, plant your 'mums in a slightly elevated, well-drained spot. We ship hearty-rooted pot plants—they give the finest results.

**BUTTON CHRYSANTHEMUMS**

These little fellows with their definite, pure colors, provide just the right quaint note for contrast with the larger varieties. Fine, shapely plants in the garden, good for cutting and "made to order" for boutonnieres.

**Cheerfulness**  
Each 30c, Doz. $3.00  
Golden yellow rounded flowers, about 1 1/2 to 2 inches across, just made to order for boutonnieres. A wealth of bloom for six weeks or more. The foliage is dark green, contrasting with the bright flowers.

**Early Bronze**  
Each 30c, Doz. $3.00  
Pure golden bronze flowers of medium size, double and gracefully rounded. Desirable because of its early flowering and because the plants are simply covered with these fine pompon flowers.

**Elfin**  
Each 35c, Doz. $3.50  
Shown in the picture at right, Elfin is one of the best of the pompons. Being extremely floriferous, the well-branched plant is simply covered with these fine miniature flowers.

**Flowerfield’s Garnet**  
Each 40c, Doz. $4.00  
The best of the button chrysanthemums, a beautiful deep garnet-red. The flowers are perfectly formed and are ideal for boutonnieres, or for cut flower arrangements. We cannot recommend this fine plant too highly.

**SPOON CHRYSANTHEMUMS**

An unusual novelty and quite the newest type of 'mum. Flowers are fully double, but the tip of each tubular petal flares into a distinct spoon shape. Spoon 'mums are particularly adapted for startling effects, whether in the garden or in cut flower arrangements. The long, spiky petals seem almost to burst from the center of these distinctive flowers. The plants are well branched and very floriferous. Especially recommended for gardens that enjoy a long, late fall, allowing full development of these October flowers.

**White**  
Cream center.  
Three $1.25, Doz. $4.25

**Yellow**  
Pure lemon-yellow.  
Three $1.25, Doz. $4.25

**Pink**  
A lovely novelty.  
Three $1.50, Doz. $5.00

**CUSHION CHRYSANTHEMUMS**

First brought into prominence a few years ago, this class of dwarf spreading 'mums is today extremely popular. The plants grow only to a height of 12 to 15 inches but spread as much as 2 feet across, forming solid mounds so completely covered with flowers that the foliage is entirely hidden, usually having a thousand flowers on a single established plant. These plants begin to bloom in August and continue until hard frost. They are unexcelled for edging or low borders.

**Bronze Cushion**  
Rich coppery bronze, tending to become lighter with age.  
Each 30c, Doz. $3.00

**Pink Cushion**  
An attractive light pink, gradually becoming lighter as the flowers age.  
Each 35c, Doz. $3.50

**Red Cushion**  
A beautiful autumn-red. Excellent for contrast with the brighter shades.  
Each 30c, Doz. $3.00

**White Cushion**  
A delicate flesh color upon opening, quickly turning to clear white.  
Each 30c, Doz. $3.00

**Yellow Cushion**  
Pure golden yellow. This is quite the brightest color among Cushion 'mums.  
Each 40c, Doz. $4.00

**September Bronze**  
Warm golden bronze popular flowers of perfect shape and fine color. Early to bloom in your fall garden and doubly welcome therefore.  
Each 40c, Doz. $4.00

**September Cloud**  
A companion to September Bronze, being the same perfect blooms from mid-September, in purest white. A fine flower.  
Each 40c, Doz. $4.00

**September Gold**  
The third of the September series, brilliant golden yellow and one of the finest yellow 'mums of all. Unexcelled as a border.  
Each 40c, Doz. $4.00
LARGE-FLOWERED HARDY 'MUMS

Agnes Selkirk Clark  
Shown in picture at left, this is a fine autumn shade reminding one of Halloween, Thanksgiving and all the good things of the fall. Korean.

Each 30c, Doz. $3.00

Burgundy  
The color of Burgundy wine, this beautiful double flower is one of the very best of the new 'mums. The stems are well branched, giving a fine profusion of flowers for picking.

Each 40c, Doz. $4.00

Caliph  
A fine dark red. Best described by its picture at left.

Each 30c, Doz. $3.00

Daphne  
A fine daphne-pink. Illustrated at the left.

Each 30c, Doz. $3.00

Dean Kay  
One of the very hardest of all 'mums, Dean Kay has successfully survived Minnesota winters and is ideal for our colder states. The flowers are deep pink, almost lavender, and are almost double.

Each 35c, Doz. $3.50

Ember  
The color of Ember is best described in the picture at left. The plants are well covered with these glowing blooms. Korean.

Each 30c, Doz. $3.00

Eugene Wander  
A fine big yellow that in many ways is the equal of Kind Midas, but a deeper yellow. The flowers are finely formed, but very large, sometimes quite weighing down the stalks.

Each 40c, Doz. $4.00

Indian Summer  
A fine tawny orange illustrated at left. A tall variety, may be used to advantage back of the lower growing cushion 'mums.

Each 30c, Doz. $3.00

Jean Cumming  
Without question, the finest white variety. Pure white, just a touch of cream in the center lights the fully double petals. Pictured at left, it is a necessary complement to the darker shades.

Each 40c, Doz. $4.00

Jean Treadway  
A bit out of the ordinary, the double flowers of shining light pink have a deep maroon-crimson spot in the center. The contrast between the colors is marked and distinct and very suggestive of fall.

Each 30c, Doz. $3.00

King Midas  
There are very few chrysanthemums that can compare with King Midas. The illustration at left does not do this particular flower full justice, for it is one of the largest and brightest of the yellows. It lasts longer than almost any other 'mum we know, and it is ideal for cutting, being tall and well-branched, and quite covered with bloom. Finally, it is of the desirable hardy Korean type.

Each 35c, Doz. $3.50

Lavender Lady  
The best known of the new chrysanthemums, Lavender Lady is particularly prized for use in arrangements where the soft lavender tone shown in the picture at left combines beautifully with almost any other garden subject. Lavender Lady, like King Midas, has the advantage of an extremely long flowering season.

Each 40c, Doz. $4.00

Mme. Chiang Kai-Shek  
A magnificent plant, in full flower in late September. The flowers are exceptionally well formed, fully double, composed of stiff petals able to withstand hard weather. The color is brilliant orange-yellow, a standout autumn shade for your September garden.

Each $1.00, Doz. $10.00

Mrs. Pierre S. Dupont III  
A soft peach delicately blended with mauve undertone. This fine new 'mum has a luminous sheen to its flower that quite sets it apart from others. The large, full, perfectly formed flowers are carried on tall branching stems, making a stunning 2½ foot plant.

Each 40c, Doz. $4.00

Pale Moon  
As the picture at left shows, one of the finest and brightest very light cream-colored 'mums. Excellent for arrangements or the garden.

Each 40c, Doz. $4.00

Peach Blow  
A single 'mum of much merit, similar in shade to Mrs. Pierre S. Dupont III above. The color is most unusual and most welcome in the garden.

Each 35c, Doz. $3.50

Sequoya  
A dusty yellow double variety much the same color as fall-turned maple leaves; beautiful to combine in the home with such autumn material.

Each 30c, Doz. $3.00

Symphony  
An unusual bicolored 'mum best described by its picture at left. A well-liked variety of 'mum.

Each 40c, Doz. $4.00

The Moor  
Probably the best red double chrysanthemum we have. The Moor, an even more brilliant red than shown in the picture at left, is one of the very best of the dark colored chrysanthemums. Korean.

Each 35c, Doz. $3.50

12 Plants  
Labeled, one of each kind  
$3.50

EREING CHYSANTHEMUMS  
lection of chrysanthemums in a range of colors. They provide a profusion of blooms even after Jack Frost does his work. Perfect for the fall garden, they make excellent cut flowers.
CHRYSANTHEMUMS

In offering chrysanthemums, we have selected the best new Korean hybrids, and the most rugged and sturdy of the older varieties. The color range is comprehensive, including bright, warm colors that add grace to the autumn garden, light shades for cutting, and sunset and bronze tones, without which fall would not be the same. All of one's love of nature, and if planted this spring, will give you huge clumps of bloom beginning in September and continuing until frost. For best results, plant your own in a sheltered, well-drained spot. We shall start them in the garden, and cut for cutting and "made to order" for cutting. (Continued from page 155.)

BUTTON CHrysANTHEMUMS

These lovely flowers with their definite, pure colors, provide just the right accessories and contrast for the autumn garden. Fine, open, spherical plants in the garden, ready for cutting and "made to order" for cutting. The foliage is dark green, contrasting with the bright flowers. (Continued from page 155.)

SPOON CHrysANTHEMUMS

A splashy, bicolored flower with a very new type of form. Flowers are fully double, with the top of each golden petal flared into a distinct spoon shape, adding an exciting effect, whether in the garden or for cutting arrangements. The long, slender petals are drawn away from the center of the flowers, forming a very unusual texture. The center is a deep, rich brown, almost crimson, and quite beautiful. Especially recommended for gardens that enjoy color, fall, allowing full development of these autumn flowers.

CUSHION CHrysANTHEMUMS

First brought into prominence in the Orient, this ruffled spreading variety is further. Orange blooms only to a height of about 15 inches, but spread as much as 2 feet across, forming an almost mound-like mass of flowers that the foliage is entirely hidden, usually flowering only one year. As the flowers fall in August and continue until frost, they are unexcelled for edging or for borders. Bright Cushion

A delightful pink color. A flower of beauty, with a slight amber tinge, turning to clear white.

September Begonia

Warm golden bronze leaves, very showy, with a full, double flower on a long stem. Great for cutting. Doz. $3.00, $12.00

September Cloud

Pure white, with a slight amber tinge, turning yellow. The third of the September series, bright golden yellow and one of the best yellow ones at all. Unexcelled as a pot plant.

September Gold

Each 30c, Doz. $4.00

Early Flowering CHRYSANTHEMUMS

We offer here an outstanding collection of chrysanthemums in a range of color that is a "must have" in your garden. They provide a profusion of bloom from early September until well after frost. First frost does its work. Besides being the show spot of your fall garden, they make excellent cut flowers for your table decorations.

LARGE-FLOWERED HARDY MUMS

Acese Soolith Clark

Each 30c, Doz. $3.25

A flower of beauty, with a slight amber tinge, turning yellow. The third of the September series, bright golden yellow and one of the best yellow ones at all. Unexcelled as a pot plant.

Bespurk

The color of Burgundy wine; this beautiful double flower is one of the best of the new varieties. The stems are well branched, giving a fine production of flowers for picking.

Cactus

A fine dark red. Best described by its picture at left. Each 30c, Doz. $3.30

Daphne

A fine dark pink. Illustrated at the left. Each 30c, Doz. $3.25

Dean Kay

One of the very hardest of all "mums", Dean Kay has successfully combined the color of red roses with the hardy, well-branching habit of the "mum". The flowers are deep red, almost crimson, and are almost double. Each 30c, Doz. $3.10

Ember

The color of Ember is best described in the picture of the left. The plants are well developed with the glowing blooms. Each 30c, Doz. $3.25

Eugene Wunder

A fine deep yellow that in many ways is equal to King Midas, but is a deeper yellow. The flowers are finely formed, very large, and sometimes quite weighing down the stalk. Each 30c, Doz. $3.25

Indian Summer

A fine deep orange illustrated at left. A tall variety, may be used to advantage back of the lower growing cushion "mums". Each 30c, Doz. $4.00

Jean Cummings

Without question, the finest white variety. Pure white, just a touch of rose in the center, gives the fully double flowers. Picture of left, it is a necessary companion at the darker shades.

Jean Treedway

A tall cut out of the ordinary, the double flowers of varying light pink have a deep crimson-pink spot in the center. The contrast between the color is marked and distinct and very attractive as well.

King Midas

Each 30c, Doz. $3.50

There are many new chrysanthemums that can compare with King Midas. The color has been developed, but not so that the flower is full,. for it is one of the largest and brightest of the yellow ones. It bears larger than most double flowered 'Mums', and it is real cut flowers, being vivid and colorful. Each 30c, Doz. $3.25

Lavender Lady

Each 40c, Doz. $4.25

The best known of the new chrysanthemums, Lavender Lady is particularly fine for use in arrangements where the soft lavender tone shown in the picture of left combine beautifully with almost any other garden subject. Lavender Lady, just as King Midas, has the advantage of an extremely long flowering season.

Mrs. Choea Kollmack

One of the showiest, in full flower in late September. The flowers are double, compact, and quite lasting. This variety is well adapted to withstand hard weather. The color is brilliant orange-yellow, a standout!

Mrs. C. S. Dupont III

A soft peach delicately blended with mauve undertone. This fine new "mum" has been developed from "St. Louis" and is quite as good. It is one of the largest, and perfectly formed flowers are carried on long branches, making a stunning 24" pot plant.

Polar Bear

As the picture at left shows, one of the finest and brightest very large double flowered "mums". Excellent for arrangements or as a show plant.

Puck Bloom

A single "mum" of much merit, similar in shade to Mrs. Pierre S. Dupont III and is one of the finest. The color is most unusual, and most welcome in any collection of "mums".

Queen

A yellow double variety, much the same color as fall-hued maple leaves, and delightful to combine in the same with the autumn mums.

Symphony

An unusual bicolor 'mum' best described by its picture at left. A well-known variety. Each 30c, Doz. $4.50

The Moon

Each 30c, Doz. $3.50

Probably the best red double chrysanthemum we have. The Moon, on even more brilliant red than that shown in the picture. A one of the very best of the dark colored chrysanthemums. Korean.
ALTHEA ROSEA - Hollyhocks

Grown everywhere, even in the deep South, for their great, tall spikes of flowers in June. Particularly suited for the backs of borders, and for planting along walls and garages. Grow any place if given full sun; set 8 inches to a foot apart.

Single Hollyhocks

Three $1.25, Doz. $4.00

Preferred by many because of their single open flowers that create a light, graceful appearance. Mixed colors.

Chater's Double Hollyhocks

Beautiful fringed flowers of many fine new shades not previously available in hollyhocks. The unusually lovely flowers, a generous contribution to our gardens from our English cousins, will form charming and artistic bold masses for the background of your hardy border.

Chamois

Three $1.35, Doz. $4.50

White

Three $1.25, Doz. $4.00

Yellow

Three $1.35, Doz. $4.50

Scarlet

Three $1.35, Doz. $4.50

Newport Pink

Three $1.25, Doz. $4.00

Mixed Colors

Three $1.25, Doz. $4.00

Hardy Orchids

These hordy cousins of the greenhouse orchids, though not so large, are fully their equal in grace and beauty. Their charm is greatly enhanced when planted in the shade, where surrounding greenery provides a cool, restful background for the colorful flowers. They like abundant moisture at all times.

Cypripedium acaule

Three $1.50, Doz. $5.00

Called the Red Lady’s Slipper, though the color is really rosy purple, veined darker. The leaves are somewhat oval in shape, and often lie flat or close to the ground. Like all cypripediums, they delight in cold climates and hard winters. They bloom in May and June.

Cypripedium pubescens

Three $1.50, Doz. $5.00

(‘Yellow Lady’s Slipper.’) Large flowers of attractive pale yellow, borne on long stems atop whorls of somewhat twisted and narrow foliage, marked with veins.

Cypripedium spectabile

Three $2.00, Doz. $6.50

(Showy Lady’s Slipper.) Flower stems run 1 to 2 feet in height with large rose-purple or pure white orchid blooms.

Orchis spectabilis

Three $1.50, Doz. $5.00

Called the Showy Orchid. Stems from 8 inches to a foot in height, with erect spikes carrying from 3 to 8 delightfully fragrant flowers of violet-purple, variegated with lighter purple and white. Truly an outdoor orchid with all the exotic beauty of its more tender brethren.

GEUMS, FIRE OPAL AND PRINCESS JULIANA

HARDY ORCHID, CYPRIPELUM SPECTABILE
Shasta Daisies

Extremely popular and widely grown for their abundant production of pure white daisy-like flowers during the summer months. **Require a deep, rich soil and sunny location. Best cut flowers are obtained by dividing plants every other year, though they can remain in one spot indefinitely without attention.**

**Alaska** Three $1.25, Doz. $4.00
Handsome, large, single flowers in June and July. One of the best of the single-flowered types of chrysanthemum maximum.

**Chiffon** Three $1.50, Doz. $5.00
New form of the Shasta daisy. Golden centers, surrounded by roylke, tubular petals, giving the entire flower a graceful, frilled effect. Flowers measure 3½ inches across, with stems 2 feet tall.

**Esther Reed** Three $2.00, Doz. $6.50
The finest double Shasta daisy, and probably one of the best perennials, ideally suited for cut flowers. Now widely grown by florists for that purpose. Flowers are pure white, fully double, with a heavy, slightly tufted center. Grows to a height of 18 inches.

### ALYSSUM - Basket of Gold

Excellent for borders, rock gardens, and to combine with spring-flowering bulbs, particularly tulips. Should have sun, and good garden soil.

**Saxatile compactum** Three $1.25, Doz. $4.00
Each plant makes a fine clump of bright golden yellow in early spring. Combines well with tulips, during the flowering period. Later the foliage may be trimmed, and the plant made decorative all summer long.

**Saxatile compactum flore-pleno** Three $1.50, Doz. $5.00
Similar in habit and form to the above, but bearing tightly clustered groups of double flowers of the same bright golden yellow.

**Saxatile citrinum** Three $1.50, Doz. $5.00
A new variety, similar in growth and general habit to compactum, but of a lighter, more pleasing shade of lemon-yellow. It comes into bloom just as saxatile compactum is going out, thus prolonging the season.

**Spinulosum roseum** Three $1.35, Doz. $4.50
Quite different from other alyssums. The plants make rounded tufts about 8 inches high and 10 inches broad, packed almost to the point of crowding with tight alyssum flowers in pastel pink tones.

### ASTILBE - Perennial Spirea

Sturdy plants that give great sprays of flowers in June, over finely cut foliage. Excellent for shade and also suited for full sun. They must have an abundance of water at all times; because of this they are especially suited to damp spots in the garden. Soil should be deep and rich with plenty of leaf-mold and manure. One of the hardiest of plants, standing the most severe winters. 2 to 3 feet.

**Deutschland** Three $1.50, Doz. $5.00
The finest pure white variety, free-flowering and of strong growth. An ideal white plant for your evening garden.

**Fanal** Each $1.00, Doz. $10.00
This brilliant new spirea combines all the fine attributes of its sister varieties with a new color in spireas—deep magenta-red, so brilliant that it commands attention from any angle. One of the worthiest new perennials.

**Peach Blossom** Three $1.50, Doz. $5.00
Great feathery plumes of pale pink flowers. The picture shows its finest beauty better than words can.

### GEUM

Full double flowers, of distinctive cut flower quality, with stems of wiry nature. Geums form compact clumps with pretty pinnate foliage. Sunny locations and abundant moisture at all times are essential.

**Fire Opal** Three $1.50, Doz. $5.00
Dazzling rich scarlet flowers with orange sheen from May until really cold weather in the fall. Huge flowers running 3 inches or more across on stems 2 feet tall. It should be in every garden.

**Mrs. Bradshaw** Three $1.25, Doz. $4.00
Fiery orange-red flowers of good double formation. Blooms nearly all summer long.

**Princess Julianne** Three $1.50, Doz. $5.00
Deep orange flowers often 3 to 3½ inches across on 2-foot stems from May until October. Forms sturdy clumps of foliage, qualifying as one of the best varieties for the garden.

**Ordinarily**

We are glad to handle your orders, however small, but this year, due to limited man power, we must ask that you order in not less than the minimum quantities listed.

**Also**

Perennial plants, lilacs and roses (pages 26 to 56) will not survive return and re-shipping; therefore, please enclose full remittance. C.O.D.’s will be gladly accepted for bulbs and tubers, as they are completely dormant at time of shipment.

**ASTILBE, PEACH BLOSSOM**
Exhibition Strain
DELPHINIUMS

An unusually sturdy strain adapted to garden use, where a vigorous constitution and long life is desirable. The color range is quite comprehensive, covering all shades of blue, light blue, violet and lavender tones, with tall, heavy spikes of fine form.

Three $1.50
Dozen $5.00
Delphiniums

Widely known and universally admired for their stately, handsome habit and unmatchable beauty. Grown in the border for tall spikes to lend beauty to the garden as a whole, and also for cutting. If the first flowers are cut in June, secondary growth is secured with another crop of flowers in September.

In cooler parts of the country they do splendidly, growing especially well in coastal regions where cool summers prevail. Rich soil should be provided, with a generous quantity of manure. Full sunlight is essential.

Pacific Coast Hybrids
In size of flower, range of color, formation of blooms, and cut flower value, these are the finest strain of delphiniums in existence. Individual florets measure 2 inches or more across, with practically all of them fully double, and finely formed. A variety of “eyes,” some pure white, others in dark tones, add to their undoubted appeal. Colors vary from pale self-blues, through light tones, two-toned, pink shades, lavenders, to really deep blue.

Tower of Snow
These are grown from the finest white hybrid delphiniums. The spikes are long and imposing, with large, fully double flowers.

Belladonna
Not to be confused with or used in place of the hybrid strains offered above. This sort is easily grown in almost any situation, succeeding in warm parts of the country where hybrids peter out. They grow about 3 feet in height, in one pure tone of clear light blue. Invaluable for cutting, and used extensively for that purpose. 3 feet.

Belladonna, Cliveden Beauty
A fine improvement over Belladonna—larger, taller, more floriferous and of a brighter color.

Bellamora
Identical in habit and size to Belladonna, but of a rich dark blue.

Chinense
Quite apart from other delphiniums in habit of growth. They reach a height of somewhat under 3 feet, with light, feathery foliage and open panicles of graceful blue or white flowers. They bloom several weeks after the other types of delphinium, and help greatly to prolong the delphinium season in the border. 3 feet. Specify blue or white.

Campanulas

Each variety is distinct in character, appearance and garden use. They range from the little low fellows of rock garden size, to the tall, huge Canterbury bells. Require a rich, light, welldrained soil, with moderate protection over winter. Except for carpotica, an rock garden variety that enjoys light shade, they prefer full sun.

Carpatica
(Carpathian Harebell). Used in rock gardens and borders, sun or shade. Mounded clumps about 6 inches across, open cuplike flowers of clear blue or white, bloom in June and continue into fall. Specify color.

Persicifolia
A splendid bold growing plant, making a magnificent display during June and July. Excellent for cutting as well as for the border. Large, handsome, bell-shaped flowers of blue or white. Grows about 2½ feet tall. Specify color.

Persicifolia, Misty Morn
By far the finest double campanula. Lovely soft blue florets abound on the 30-inch stem. Magnificent for garden or cutting.

Persicifolia, Telham Beauty
A great improvement over the type, and the finest of the single persicifolias. Exquisite china-blue in color.

CANTERBURY BELLS

Great showy biennials, 4 feet in height, that flower in late May and early June, with huge trusses of great bell-shaped flowers. It is difficult to find any plant more striking in appearance. Any good garden soil will grow them, given merely a sunny location and ordinary care. Plant them early in the spring, 8 to 10 inches apart.

Medium (Single Canterbury Bells)
Lavish large bell-shaped flowers much resembling the calycanthemums; the flowers do not have the so-called saucer, but are bell-shaped.

DIANTHUS -- Pinks, Carnations, etc.

GARDEN PINKS - Dianthus Plumarius

A great selection of free-blooming plants for the border or rock garden. Prefer a light, gritty soil, that is well drained and well supplied with lime. Must have full sunlight. Plant 8 to 10 inches apart. Desirable for cutting, having a spicy, pungent fragrance.

**Beatrice**
Three $1.35, Doz. $4.50
Tight clusters of bright pink flowers borne all summer long. Fragrance is almost carnation-like. Height 1 foot.

**Old Spice**
Three $1.50, Doz. $5.00
One of the finest new perennials introduced in recent years. Hardy anywhere, and useful in the border, in the rock garden, as an edging, or for cut flowers. A fine salmon-pink in color.

**Semperfluores, Double**
Three $1.25, Doz. $4.00
Old-fashioned clove pink. Single and double flowers, running through shades of pink, lilac-pink, pure white and variegated sorts. Extremely pungent aroma.

SWEET WILLIAM - Dianthus Barbatus

Old-fashioned plants of grandmother's garden, properly classed as biennials, but tending to be perennials in good, well-drained soil. Planted in masses at the edges of perennial borders, in warm, sunny locations. Blooms in May and early June.

**Newport Pink**
Three $1.25, Doz. $4.00
Distinctive tone of clear salmon-pink.

**Scarlet**
Three $1.25, Doz. $4.00
A really bright color. The flowers are intense scarlet.

**Maroon**
Three $1.25, Doz. $4.00
Deep maroon heads, packed with florets.

**Shell-Pink**
Three $1.25, Doz. $4.00
Clear delicate pink. Excellent for contrast.

**Pure White**
Three $1.25, Doz. $4.00
Full double heads of glistening white.

**Mixed Colors**
Three $1.25, Doz. $4.00
All known pure colors, as well as many picotee and variegated types.

HARDY CARNATIONS

One of the most useful and popular of border flowers. Through cross-breeding, large sized flowers are now produced outdoors in your garden. They prefer a light, well-drained soil that is good and rich. Protect lightly over the winter. Cut back after blooming.

**Lucia**
Three $1.50, Doz. $5.00
A new English introduction, extremely hardy and fragrant. Lucia is a particularly free bloomer, offering its extra large rose-pink flowers in abundance for picking or for garden effect.

**Rose Queen**
Three $1.25, Doz. $4.00
Attractive rose-pink flowers measuring up to 1½ inches. Stems 12 to 15 inches long make them fine for cutting.

**Scarlet and Red**
Three $1.25, Doz. $4.00
Dozens of single and double, brilliant red flowers in June and July. Their long stems make them ideal for cutting.

**Pure White**
Three $1.25, Doz. $4.00
Fine large single and double flowers of pure snowy white. Good grower and free bloomer.

**Mixed Shades**
Three $1.25, Doz. $4.00
All conceivable tones of scarlet, maroon, pink, salmon, white and cream-yellow are found in this splendid mixture.

DIANTHUS HEDDEWIGI

Fine large single flowers of the most striking colorings are freely produced throughout the entire season. An excellent plant of medium height and informal habit that is desirable for a bright spot anywhere in the permanent garden but particularly good for softening corners.

**Mixed Colors**
Three $1.35, Doz. $4.50
ANEMONE - Windflower

One of our finest fall flowers, blooming in September and continuing all through October. They like a well-drained soil, but should have abundant moisture through the hot summer months. An individual plant will grow 2 to 3 feet high and give immense quantities of flowers. Best planted in full sun, though they will grow in light shade.

Marie Manchard
Three $1.50, Doz. $5.00
A beautiful semi-double white; early flowering. Profuse bloomer.

Queen Charlotte
Three $1.35, Doz. $4.50
Abundant semi-double flowers, broad and perfectly formed; "La France" pink.

Rubra flava-plena
Three $1.35, Doz. $4.50
Double rose-colored flowers produced in great profusion.

September Charm
Three $1.50, Doz. $5.00
One of the earliest and best varieties. Beginning in mid-September it carries many flowers of moderate size of delicate silvery pink, darker on the reverse. Grows 2 feet high. Few flowers have the relaxed grace of this beauty.

Pulsatilla
Three $1.35, Doz. $4.50
A species anemone, one of our earliest perennials to bloom, coming into flower during the first warm days of April. The plants grow about a foot high, with interesting open cup-shaped flowers of bright reddish purple.

DIGITALIS - Foxglove

The biennial forms are strikingly beautiful. Their beauty is further enhanced by spots and markings on the lower part of the pendulous bell-shaped flowers. They grow 4 feet or more tall, with flower spikes measuring as much as three feet. Well drained soil and protection over the winter are essential. Perennial forms are not as gayly colored, but deserve a place in the perennial border.

Giant Shirley Hybrids
Three $1.35, Doz. $4.50
Biennial foxglove. 3 feet tall, with the widest variety of color, including chocolate, rose, white, shell-pink, attractively marked.

Gloxiniaeformis
Three $1.25, Doz. $4.00
A fine biennial variety of vigorous habit with flowers of white, rose, pink or deep purple. 2 to 4 feet high. Specify color.

Laevigata
Three $1.25, Doz. $4.00
The best of the perennial varieties, and probably the most showy. One color only, a distinct tawny buff, 4 feet or more in height, with bells as large as a man's thumb, closely packed in a fine, outstanding spike.

DORONICUM

The single, open flowers are of pure yellow, invaluable for cutting, and particularly desirable because of their early spring flowering habit. The foliage is large and heart-shaped. It does well in heavy, moist soils, and is perfectly at home whether in shade and among trees, or in bright sunlight.

Caucasicum
Three $1.50, Doz. $5.00
Rich, bright yellow flowers of good size. Does excellently used in connection with tulips, or in open woodland and shrubbery borders, with other spring flowering plants. 2 feet.

Remember

Flowerfield pays postage anywhere in the U. S. A. and furnishes the finest stock obtainable.

DORONICUM—A LOVELY YELLOW DAISY
DICENTRA - Bleeding Heart

One of the most useful plants for the spring garden, dicentra is noted for its beauty when grown in a shady spot, yet it is outstanding for combining with such sun-lovers as peonies, or the early varieties of hemerocallis. For sheer grace, few plants can equal either of these beauties. Flowerfield has long specialized in growing and selling bleeding heart, for we know of few more satisfactory garden plants. One of the best features of the dicentras is their attractive, finely-cut foliage, decorative in the garden even when the plants are not in bloom.

Both spectabilis and eximia types do best in the partially shaded border, even in the woodland garden. Yet they thrive in the full sun, also.

Eximia (Plumy Bleeding Heart) 
Three 3.50, Doz. $5.00
Compact, foot and one-half bushes with beautiful finely-cut dark green foliage, simply covered with showy racemes of pretty pink flowers throughout the season. It is one of those plants for which no one can say too much. It is at home in full sun or full shade. It is perfectly hardy; and it is at all times decorative.

Spectabilis
Each 65c, Doz. $6.50
The commonly known bleeding heart. Lang a favorite, this versatile plant is equally at home in sun or shade, or even in the greenhouse, where it forces quickly and easily. The plants are large, 2 to 3 feet tall and often spreading 4 or 5 feet. They bloom with the peonies, combining with them beautifully. The long, showy racemes of heart-shaped flowers and the ever-attached foliage make this one of the most decorative, most useful plants of all springtime.

ACONITUM - Monkshood
Splendid stately plants, particularly adapted to shady or semi-shady locations, in good garden soil that is fairly moist. Best planted in clumps of three or more, and left undisturbed.

Napellus
Three $1.35, Doz. $4.50
An early blooming variety, flowering in July and August, and growing 3 to 4 feet tall. Flowers are attractive dark blue.

Spark's Variety
Three $1.35, Doz. $4.50
Great tall, branched spikes, growing 4 to 5 feet in height. The dark blue flowers are borne in great numbers during July and August.

Wilsoni
Three $1.35, Doz. $4.50
The tallest of all. Grows 6 to 7 feet tall, covered with beautiful mauve colored flowers in September.

EUPATORIUM - Hardy Ageratum
Hardy perennials suitable for midway positions in a perennial border, and for semi-wild locations. Will grow in half shade as well as in full sun.

Coelestinum
Three $1.25, Doz. $4.00
Bright blue heads of flowers in August and September, similar in color and shape to the annual ageratum. Grows 3 to 4 feet in height, and persists year after year. Excellent with chrysanthemums.

FUNKIA - Plantain Lily

Coerulea
Three $1.25, Doz. $4.00
Used in shaded locations and for edgings. Tall spikes of blue trumpet-like flowers, 2 feet high, in July and August. All Funkias like rich soil, but grow even under unfavorable conditions.

Subcordata grandiflora
Three $1.50, Doz. $5.00
In August and September this has tall, lily-like stems with pure white trumpet-like flowers four inches or more in length. A fine addition to the garden. Excellent for use in shading the roots of lily bulbs.

Variegata
Three $1.25, Doz. $4.00
A beautiful edging plant admired for its colorful foliage as much as for its fine lily-like blue flowers. The leaves are pure white, heavily marked with bright green. Fine for edging.
HEMEROCALLIS - Magnificent Hybrid Daylilies

The modern daylily offers a delightful addition to the garden. The older forms are well-known and wide-spread, both in gardens, and in the wild, where some types have escaped and formed great beds. All of them have beautiful large, lily-like, trumpet flowers. The new hybrids have been developed to the extent that they produce more flowers to the stem than any other common plant, in colors ranging from the palest yellow to pinkish apricot through to deep orange-red.

Because the daylily thrives in full sun or part shade, they are suited to either border use or when planted as a low hedge close to the house, along the driveway, or spotted in with the low growing foundation planting. Once planted, they require practically no further care, growing in any kind of soil in any section of the country. They are completely hardy, and are suited either to full sun or partial shade. Hemerocallis combine beautifully with such varied subjects as iris, peonies and many other plants by simply selecting varieties of appropriate blooming season.

**Bay State**
Enormous blooms of glistening yellow. The form of the flower is that of a wide-mouthed bell and the texture is excellent. Bay State blooms in July and grows over 3 feet tall.

**Cinnabar**
Gorgeous blooms with a reddish cast. The towny flowers are overlaid with coppery red markings and have a dark red throat. It is truly lovely in contrast with the pale yellow varieties. Blooms in mid-June and grows 3½ feet tall.

**Dr. Regal**
Three $1.35, Doz. $4.50
One of the earliest of the daylilies, and extremely fragrant. Its apricot yellow flowers add great beauty to the foreground planting. Height about 18 inches. Blooms in late May and early June.

**George Yeld**
Three $1.50, Doz. $5.00
A lovely bicolor, soft warm yellow with light red markings. Very striking planted as a specimen in light shade where the foundation plantings taper off. Blooms in late July. Height 3½ feet.

**Gold Dust**
The harbinger of the daylily family, Gold Dust blooms in early May with clusters of golden yellow trumpets. Most desirable in the foreground. Height 1½ feet.

**Hyperion**
Each 75c, Doz. $7.50
Acknowledged to be the finest hemerocallis that is now obtainable at a moderate price. The flowers are fine citron-yellow, of large size, and long trumpet form, produced in great numbers on strong stems about 40 inches tall. Vigorous in growth, a single plant will soon make a strong clump. Hyperion is persistent in bloom through July and August, with a few flowers often appearing as late as Labor Day. Illustrated on our front cover.

**J. A. Crawford**
Three $1.25, Doz. $4.00
A lovely clear warm yellow with slightly fluted petals. The strong stems carry many buds in widely branched flower heads. A wonderful variety for the border. It looks especially well in light shade. Blooms in late May and early June. Height 2½ to 3 feet.

**Kwanso flore-pleno**
This really different variety is unique among daylilies. Its double petalage makes up full-centered blooms of rich golden bronze, in marked contrast with the usual open trumpet flowers one expects in daylilies. Blooms in July and August, 3 feet high.

**Mrs. W. H. Wyman**
Three $1.50, Doz. $5.00
A late variety, Mrs. W. H. Wyman comes into flower after most of the daylilies have stopped blooming, prolonging the season with lovely clusters of pale yellow lilies. In full bloom August 1st. 3 feet tall.

**Ophir**
Three $1.50, Doz. $5.00
Large clusters of deep yellow trumpet-shaped flowers, 2½ or more to a stem. An American introduction which has had the distinction of receiving an Award of Merit from the Royal Horticultural Society of England. Only because we have a large stock of this variety are we able to offer it at such an inexpensive price.

**Thunberg (Lemon Lily)**
Three 95c, Doz. $3.25
One of the older types of hemerocallis still widely used in spite of the fact that the flowers are smaller in size than the newer hybrids. Grows 4 to 5 feet tall, blooming in July, with clouds of pure pale yellow flowers. Excellent for massing.

---

**Garden Collection of Fine Daylilies**
Succession of bloom is the aim of every gardener. To encourage this worthwhile garden aim, we offer a special collection of four fine varieties of hemerocallis, especially chosen for their range of blooming periods.

- **Gold Dust**: 1 each $1.50
- **Cinnabar**: 3 each $3.95
- **Bay State**: George Yeld

---

**A CALENDAR OF BLOOM**
A full season of bloom can be enjoyed by your own choice of the varieties listed below:

- **May**—Dr. Regal, Gold Dust
- **June**—Dr. Regal, Gold Dust
- **July**—Bay State, Ophir
- **August**—George Yeld, Mrs. W. H. Wyman, Kwanso, Hyperion
Over the years our customers have shown marked preference for certain ones of our many varieties. All of these have stood the test of time, flowering year after year with fresh beauty and with complete satisfaction to the most discriminating gardener. While by no means our complete list of varieties, they do represent a fine cross section of our extensive collection.

**Aspasie**
Each 45c, Doz. $4.50
Indistinct light blue veins traced across the petals of soft lavender give a beautiful even coloring to the flowers. Mass these singles for a most delightful color effect.

**Astarte**
Each 50c, Doz. $5.00
A fine deep hyacinth-blue of an even texture which colors the falls, often measuring as much as nine inches across. One of the largest double varieties in the darker shades.

**Calvin Coolidge**
Each 60c, Doz. $6.00
White blushed with red-purple on its large petals, it is a rare single iris of extreme beauty. A fitting companion to the lovely Mountain Glacier. Plant them together with Blue Giant for a gorgeous color harmony in delicate reds and blues.

**Carlton Childs**
Each 50c, Doz. $5.00
The large single petals are a light shade of pink, covered with veins of burgundy-wine. The effect is that of an intricate Oriental design.

**Caroline G. Childs**
Each 35c, Doz. $3.50
The individual petals are of an enormous size, and laced with deep purple veins over faint blue. An exceptionally tall variety.

**Chutsai**
Each 40c, Doz. $4.00
A single flower of very light red-purple with distinct veins of the same color. The appearance is one of charming simplicity. Planted en masse, they produce beautiful color splashes in your garden.
TEN OUTSTANDING VARIETIES

**Blue Giant**
Blue Giant is one of the largest irises. The single petals measure nine inches across and its soft blue color makes it as beautiful as it is large. Perfect for mass planting, a particularly enchanting harmony of color is obtained when planted with Madonna Lilies. Picture on the back cover.

**Blue Opal**
Our newest introduction, the latest in our long list of Kaempferi triumphs. Blue Opal is a companion to our famous Light-in-the-Opal, blooming at the same time, having much the same habit, even as to size and shape of flower. The color is a fine grey-blue with opalescent overtones when viewed in the bright sunlight. For the lover of the new and unusual, and for the gardener who wants a worthy garden subject, Blue Opal is a new introduction worthy of their highest expectations.

**Circe**
A large double flower of dark blue-purple. A narrow white band circles the yellow center, creating a beautiful contrast with the dark petals. Its early bloom makes it a “must” for those who would enjoy a full season of color.

**Doris Childs**
Double rows of large pink petals deeply veined in purple make this a unique variety. Carried on tall straight stems, its beauty as well as its difference demands for a place in your garden.

**John Francis**
The petals are clear lavender, flushed with blue. Inconspicuous veins run delicately across the single falls, giving a luxurious texture to the bloom. One of the largest flowers in the Iris family; outstanding as a cut flower.

**La Favorite**
An exceptional double flower. The delicate blue-white color of the falls is faintly laced with fine purple veins, creating an effect of pure white at a distance. Its individual color blending is subtle beauty.

**Moonlight Waves**
A large, early blooming white iris. Its double set of petals hang in luxurious folds from stately stems and form a perfect background for the coloring of your garden. It is best described by its picture at left.

**Mountain Glacier**
As its name implies, this large white iris subtly tinted with delicate shades of blue suggests the beauty of mountain ice fields. A profuse bloomer that will be the glory of your garden. A single iris, the form of Mountain Glacier is almost exactly like that of Blue Giant with which it combines magnificently.

**Red Riding Hood**
This iris is a clear red-purple, laced with white veins shooting from a white central band. A late bloomer, this lovely single iris prolongs the beauty of your Iris garden. One of the finest in its color range.

GAILLARDIA - Blanket Flower

One of the most reliable perennials; now, with the introduction of newer sorts, one of the best for cutting. Persists with little or no attention, surviving severe droughts that kill out other plants. Gray and bright, blooming from June to November. Give them full sunlight, and a light, well-drained soil.

Mr. Sherbrook
Three $1.50, Doz. $5.00
High rounded golden yellow centers, surrounded by broad petals of the same attractive color. Stems rise right from the base of the plant, and are straight and stiff. Cut constantly, and right down to the crown to encourage production of flowers.

Ruby
Three $1.50, Doz. $5.00
Brilliant ruby-red; excellent to combine with pure yellow varieties. The centers, while carrying out the red of the flower as a whole, have an undertone of yellow.

Improved Hybrids
Three $1.25, Doz. $4.00
Here red, yellow, and innumerable and indescribable combinations of the two colors run riot, each flower possessing a character all its own.

GYPSOPHILA - Baby's Breath

Clouds of tiny pure white or light pink flowers, carried in light, open sprays. Ideal for fillers in bouquets, as well as cut and dried for winter use. A fine border plant. Give full sunlight and a light, well-drained soil. Set repens 8 inches apart, larger growing varieties 2 feet.

Bristol Fairy
Three $1.50, Doz. $5.00
Grown by home gardeners and florists because of its pure white, fully double florets. Blooms in July and continues throughout the summer. A wonderfully productive plant much prized for its heavy panicles of glistening white.

Pacifica
Three $1.45, Doz. $4.50
Clear pink flowers, freely produced, add greatly to the use of Baby's Breath. Gives an attractive pastel color for bouquets.

Repens rosea
Three $1.35, Doz. $4.50
Low, creeping form, excellent for the edge of borders, rockery or rock wall, where the comparatively dry soils afford them perfect growing conditions. Flowers come in clouds of pale pink.

HELLEBORUS - Christmas Rose

Niger
Each $1.00, Doz. $10.00
Called the Christmas Rose because of its unique habit of flowering in winter time, its actual blooming period is in January, February and March, when it blooms regardless of cold or snow. Low growing, and somewhat spreading habit, with single, saucer-shaped flowers of white, tinged a bit with green. It will succeed best if planted in a cool, moist, shady location, such as under trees or shrubbery. The best soil is one retentive loam, mixed with leaf mold and well-rotted manure.

LILY-OF-THE-VALLEY

Ideal for shaded locations, growing in spots unsuited for anything else, bearing each May sprays of pure white bells, measuring 6 to 8 inches in height. Best to plant clumps, setting them 1 foot apart. When the beds fill in solidly they may be dug out and reset. The most desirable soil is a rich sandy loam, enriched with well-rotted manure.

Field-Grown Clumps
Three $1.50, Doz. $5.00
HIBISCUS - Mallow

Great robust growing perennials, that are almost shrublike in their vigor and reliability. Will do well in almost any location if given full sun. The flowers are huge, measuring 8 inches across, coming in attractive shades of red, white and pink. 5 feet.

Red
Brilliant reds, outstanding in the garden.
Three $1.50, Doz. $5.00

Pink
Light flesh pinks, pure pinks and some deep pinks. The pink flowers tend to be largest of all hibiscus.
Three $1.50, Doz. $5.00

White
Pure white, and many with attractive bright eyes.
Three $1.50, Doz. $5.00

Mixed
All colors it is possible to find in hibiscus, including many bright eyes and bicolors blooms.
Three $1.50, Doz. $5.00

LUPINES

Stately perennials, particularly suited to the cooler parts of the country. They produce large spikes of bloom for both garden decoration and cutting, with distinct and different foliage. Lupines should have abundant moisture. Never give them lime, as they prefer a soil tending to acid. Plant in groups of six or more, setting them 8 inches apart. They flower in late May and early June.

Mixed Colors
A fine mixture of blues, whites, yellows and pinks.
Three $1.25, Doz. $4.00

MERTENSIA - Virginia Bluebells

Originally a woodland plant, but by reason of early and profuse flowering habit, just the thing for the garden. Grow in any kind of soil, and very definitely prefer moisture, shade or semi-shade. Can be grown in more open positions, if one will water heavily during the summer.

Virginia
Large clusters of clear blue bells, tinged with delicate pink in April. Fine for woodland and shrub plantings and to naturalize with spring bulbs. Plant in clumps of six or more. Height 1 foot.
Three $1.15, Doz. $3.75
PINK DOUBLE PEONIES

Albert Crousse
Each 75c, Doz. $7.50
Beautiful seashell-pink, richly tinted with flesh-pink in the center when fully open. Delicately fragrant. Flowers quite compact.

Edulis Superba
Each 50c, Doz. $5.00
Bright rose-pink, with a collar of distinctly lighter narrow petals. Fragrant and extremely free flowering. One of the best peonies.

Gismonda
Each 75c, Doz. $7.50
A pale creamy pink, with a strong rose-like, symmetrical flowers, with very full, high centers. Remains in bloom long after the others have faded.

Marguerite Girard
Each 75c, Doz. $7.50
Immense, heart-shaped guard petals, and a broad, serrated crown of pale flesh-pink, darkening to rose-pink. Fragrance strong and not unlike wild cherry blossoms. A free flowering variety whose beauty is increased by faint red flecks on the center petals.

Mme. Emile Galle
Each 50c, Doz. $5.00
Very light rose-pink, which is more strongly defined in the center, and without crimson markings. Rose fragrance.

Mons. Jules Elie
Each 60c, Doz. $6.00
A beautiful silvery pink, having broad reflexing guards with a high pyramidal body of semi-suited petals. One of the largest, handsomest and most lasting cutting sorts.

Myrtle Gentry
Each $2.50, Doz. $25.00
One of the finest new peonies in years. Its picture at left can hardly describe the beauty of a well-formed plant in full bloom.

Sarah Bernhardt
Each $1.00, Doz. $10.00
One of the best exhibition peonies. Beautiful silvery pink flowers of perfect form are gracefully carried on tall, strong stems.

Therese
Each $1.00, Doz. $10.00
Charming shade of violet-rose, which changes to lilac-white. Splendid in form, texture and color. One of the highest rated varieties.

Walter Faxon
Each $1.00, Doz. $10.00
A full double peony of vivid shell-pink of a luminous intensity unique in peonies, becoming somewhat lighter as the flower ages. Blooms are mildly fragrant, with good stems and long keeping qualities.

WHITE DOUBLE PEONIES

Albatre
Each 75c, Doz. $7.50
Blush-white with a faint pink center. Compact, incurved flower. The fragrance is sweet but not strong.

Duchesse de Nemours
Each 60c, Doz. $6.00
Toll, globelike flowers of pure white, lighted with light canary-yellow at the center. Notably fragrant and quite profuse in bloom.

Festiva Maxima
Each 60c, Doz. $6.00
Certainly the most satisfactory white. A strong grower which bears many flowers when established. Beautiful clear white with a few center flecks of pure crimson. Excellent for cutting.

Kelway's Glorious
Each $1.50, Doz. $15.00
Immense, shaggy, rather flat flowers of iridescent white with crimson streaks on outside of guard petals. One of the finest.

Le Cygne
Each $1.50, Doz. $15.00
The highest rated white peony. Tinged slightly with ivory upon opening, it becomes absolutely pure white as the flowers develop.

Primrose
Each $2.50, Doz. $25.00
Guard petals deep yellow and center petals sulphur-yellow. If not exposed to full sun, the flowers remain canary-yellow.

Solange
Each $1.25, Doz. $12.50
Flowers of compact form, opening slowly and not acquiring full development for several days. Cream-white, deepening toward the center with shades of orange and golden brown. Always a prize-winner at the shows.

Superb Peony Collection

The four peonies illustrated in color on these pages, not only represent the primary colors found in peonies, but are, each of them, outstanding in its own color class. It would be difficult to secure a finer assortment of peonies even if one were willing to spend several times as much.

4 Peonies (One of Each) for $4.50
The Everlasting Perennial

RED DOUBLE PEONIES

A. Rousseau

Each $1.50, Doz. $15.00

Very large, fully double flowers in early midseason of dark, lustrous red, shaded with maroon. The plants grow unusually tall on very strong stems. Foliage is quite dark, tinged with bronze.

Dr. H. Barnsby

Each 75c, Doz. $7.50

Light purplish crimson flowers of true globular shape, possessing considerable fragrance. Of upright growth, stems strong.

Felix Crousse

Each $1.00, Doz. $10.00

Brilliant crimson of even tone and silky luster. Numerous blooms of medium to large size. One of the best.

François Rousseau

Each 75c, Doz. $7.50

Rich crimson, with a dark silky sheen, lighter toward the base of the petals, and brightened by the buried stamens.

Karl Rosenfield

Each 75c, Doz. $7.50

Of good clear color, excellent form, and reliable blooming habit. Very bright crimson. Excellent garden variety.

Longfellow

Each $1.00, Doz. $10.00

Popular red peony of distinct, fadeless color and general dependability. A superb balm of bright crimson.

Mary Brand

Each $1.00, Doz. $10.00

Dark, clear crimson with brilliant sheen. The petals are overlapping, crinkled and fringed. It is always found among prize-winning red peonies.

Mons. Martin Cahuzac

Each $1.00, Doz. $10.00

Often said to be the darkest peony. The flowers are of maroon-crimson, with a silky, black luster in early midseason. Of medium height and free flowering. The foliage also is dark, almost bronzy.

Richard Cavel

Each 75c, Doz. $7.50

The broad guard petals and irregularly incurved high center are bright crimson. One of the best red sorts of unfolding color.

Garden Peony Collection

A collection of fine standard varieties, warranted to give a great amount of garden satisfaction at a most economical price.

4 Peonies (One of each) $1.95

Tree Peonies

Few plants equal the magnificent display of a well-established tree peony. The flowers are unusually beautiful and rare, possessing all the colors found in regular herbaceous peonies, as well as pure yellow, yellow and orange, lavender, violet and purple. The plant does not die down like the herbaceous peonies, but forms a shrub so that in time a single plant will attain a height of four to five feet, and carry as many as 200 flowers. These are always at least as large as other peonies, sometimes measuring up to 10 inches across. They thrive in any well-drained soil, in partial shade as well as full sun. They like well-decayed manure and bonemeal, as well as some protection from heavy winds. It is also wise to protect the flower buds against late spring frosts.

We furnish heavy field-grown plants, shipped in a ball of peat and earth. They are three years old, or older, and are much superior to young pot plants.

Light Pink Shades

Each $4.75

Dark Pink Shades

Each $4.75

Red and Carmine Shades

Each $4.75

Lilac and Purplish Shades

Each $4.75
Few other plants will grow so readily, require so little care, flower in so many different colors, for so long a time, and be so generally useful. Phlox bloom in late June and continue until fall, with great trusses of red, pink, white, bicolored and bluish lavender. Give them good garden soil, cut back the faded flowers, and lift and divide them every 3 or 4 years. The results will surprise and delight you.

**Atlanta**
Three $1.50, Doz. $5.00
The flower heads of this fine patented variety are immense, carried on 2 1/2-ft. stems. The color is a pure white, beautifully shaded at the center by a blue eye. A fine vigorous phlox.

**Augusta**
Three $1.50, Doz. $5.00
A brilliant cherry-red, very intense and sparkling. The foliage is rich bronzy green. Another of the fine new patented phlox, one that, in its color class, bids fair to replace all others.

**B. Comte**
Rich purplish plum or wine color. A distinct tone not duplicated in newer phlox. Robust grower, often reaching 3 1/2 feet.

**Charles Curtis**
Three $1.50, Doz. $5.00
One of the newest and certainly one of the best phlox. Bright red as the picture shows, it is a spot of intense color for contrast in your garden.

**Cheerfulness**
Three $1.45, Doz. $4.75
A very vigorous grower with much branched panicles of sparkling salmon-orange. The color of this late flowering variety does not fade even in the brightest sunlight.

**Count Zeppelin**
Three $1.45, Doz. $4.75
Large heads of pure white, each floret with a sharply defined eye of bright red. There is no fading or suffusing of colors. Free blooming. Considered the best of "calico" phlox.

**Daily Sketch**
Three $1.45, Doz. $4.75
A sturdy variety giving great heads of clear rose-pink, with the center bright rich rose. One of the most reliable varieties, always giving large heads of flowers, and constantly in bloom.

**Ethel Pritchard**
Three $1.45, Doz. $4.75
One of the most popular of the so-called blue tones, though it is quite removed from the true blue. Exact color is a French mauve, that varies in shading with weather conditions.

**Katherine**
Without question our strain is the finest phlox to date, thus making Katherine indeed welcome to our gardens. The picture describes it better than any words can.
Three $1.45, Doz. $4.75

The best and most brilliant red phlox. Large scarlet blooms that seem to glow like fire. A fine sturdy grower, seldom bothered by disease or rust. Of splendid free-flowing habit, with large trusses on 3-foot stems.

Lillian
Three $1.45, Doz. $4.75

Delicate camel-pink, with faint blue eye, not found in any other variety. Lends itself to color schemes where no other variety will do. Throughout the summer the color is always the same, never taking on magenta tones.

Lorraine
Three $1.50, Doz. $5.00

One of the finest salmon-pinks that has appeared in the phlox family. The florets are huge and completely mat the large flower head. There are many side branches, prolonging the period of bloom. A fine plant.

Mary Louise
Three $1.50, Doz. $5.00

A fine new pure white and the best in late-blooming kinds. Sturdy growth with large, conical heads of pure white. Unlike some of the older white phloxes, it blooms throughout the summer.

Miss Lingard
Three $1.35, Doz. $4.50

Comes into bloom quite a bit earlier than other phloxes. Probably the oldest variety in our list but still one of the best whites. Large panicles of florets, centers of which have just the faintest suggestion of pink. Begins to bloom in June.

Progress
Three $1.45, Doz. $4.75

A fine light blue with very little mauve in it. The color is light and combines better with the pink shades than with the brighter colors. The flower head is globular in shape; excellent in habit.

Orange Beauty
Three $1.45, Doz. $4.75

A vivid salmon-orange, probably the best of the orange shades. The head is very globular in shape, heavy with tightly packed large florets.

Salmon Glow
Three $1.35, Doz. $4.50

Lovely flame-pink, with a suffusion of camel-orange, shaded salmon, softened by lilac and white centers. An unusual color in phlox, the effect being delightful orange-pink.

Van Beuningen
Three $1.45, Doz. $4.75

Large rich salmon-red flowers that are quite solid in color with no eye. Very free and persistent in flowering.

PHLOX SUBULATA - Mountain Pinks

Early spring flowering plants that come into bloom before Decoration Day, making huge carpets of pink, white, lilac and red. They are indispensable for edging, for grove decoration or to highlight the rocky. They will grow in almost any soil, if in full sunlight, but do their best on soils of a light nature. Set them 8 inches apart.

Apple Blossom
Three $1.35, Doz. $4.00
Pure delicate pink. A shade much to be preferred to the deeper tones more commonly found.

Atriplacina
Three $1.45, Doz. $4.75
The finest blue phlox subulata. Its growth is neat and compact. The plants are completely covered with rich blue flowers.

Blue Hills
Three $1.35, Doz. $4.00
Showy pale blue flowers produced in the spring, with another scattering crop in the fall as well. Of compact growth and tidy appearance.

Brilliant
Three $1.35, Doz. $4.00
If you want a really bright color, you will like the vivid crimson of Brilliant. A bright showy color really intended to catch the eye.

Maysnow
Three $1.45, Doz. $4.75
The purest white and the best white. Very free flowering with a neat habit, not quite as tall as the others. Excellent.

Vivid
Three $1.45, Doz. $4.75
Bright pink, with darker eye. In spite of its comparatively slow growing habit, probably the best pink phlox subulata. Its controlled growth makes it useful where more rampant varieties become troublesome.
ORIENTAL POPPIES
IN SPLENDID NEW COLORS

For an eye-filling display of rich, brilliant colors and graceful form, nothing quite equals Oriental Poppies during their period of flowering. They bloom in May and June, just after the peonies have given their burst of color, and remain to bloom with the magnificent hybrid delphiniums. Their startling color effect and the satiny soft quality of the petals are fascinating almost beyond description.

Best set out in clumps of three or more, spaced a foot apart. They are adapted to most garden soils, but care should be taken to avoid low, wet spots. Planting in late summer is recommended, and orders are held for shipment at that time.

Beauty of Livermore  Three $1.50, Doz. $5.00
Well-formed flowers of good size of fine dark crimson with black blotches. Quite abundant in bloom.

Cavaller Three $2.00, Doz. $6.50
One of the largest poppies, huge blooms of deep crimson-scarlet, heavily marked with deeper tones appearing to be almost black. Flowers distinctly crinkled.

Henry Cayeux Improved Three $1.35, Doz. $4.50
A close approach to lavender, though more exactly described as a peculiar tint of ashes of roses. A “different” color in poppies that is seen to best advantage when grown in light shade.

Jeanne Mawson Three $1.35, Doz. $4.50
Sparkling geranium-pink. Flowers of moderate to large size are fairly open and have a very graceful appearance.

Maj Sadler Three $1.35, Doz. $4.50
Quite large flowers of salmon-pink, heavily marked at the base, with large black markings. These are inconspicuous on the exterior of the flower, but stand out to advantage in the interior of the blooms.

Perry’s White Three $1.50, Doz. $5.00
Satiny white with a crimson-maroon blotch at the base of each petal. Should be planted in a favored spot and given extra care. Sturdier of the whites though they do not grow as vigorously as plants of other colors.

Sass Pink Three $1.50, Doz. $5.00
No doubt one of the finest and largest of pink poppies. Huge blooms of light delicate pink, with petals of crinkled texture. With larger stocks available, we are now able to offer this variety at a moderate price.

NEW BICOLOR POPPY, SHOWFLAME

A sensational break in poppies. The lower half of the flower is pure white; the upper half a flame-orange, creating a most unusual and brilliant effect. The orange band of the upper half of the petals varies considerably in each flower, helping to increase the charm of this distinctive variety.
Three $1.75, Doz. $5.50

HARDY PRIMROSES -- Sturdy Beauties for Your Spring Garden

Probably the most colorful of our early spring flowering plants, succeeding best in dampness and shade. While the name primrose seems to suggest a delicate nature, the reverse is quite the case. They are perfectly hardy in the coldest climates, and live year after year, forming large clumps that divide easily. Ideal for naturalizing in shady woodland areas. Flower in May, about 8 inches tall and combining beautifully with the spring flowering bulbs such as tulips and narcissus of the poeticus type. They are particularly attractive with mertensia virginica (shown on page 40).

Auricula alpina, Hybrids Three $1.45, Doz. $4.50
Distinct because of its smooth foliage, with many two-toned flowers. Colors tend to pinks and deep shades not found in the more common cowslip. Ideal for rock gardens, as it will succeed where it is dry.

Cashmiriana Three $1.50, Doz. $5.00
Large heads of pleasing purple. Flowers are not flat like other primulas, but are made up of small florets in tight globular heads.

Japonica Three $1.50, Doz. $5.00
Abounds in rich colors from crimson to rose to almost white. Excellent for contrasting with true yellow primroses. Needs moisture.

Veris Hybrids Three $1.45, Doz. $4.50
Resembles the old-fashioned cowslip, but in addition to yellow, contains a wide range of buff, orange, salmon and other rich tones.

Vulgara Three $1.35, Doz. $4.25
True old English primrose with large, pale yellow flowers. The one most people know, and of widespread popularity.

FLOWERFIELD’S GIANTS

A magnificent strain of these lovely flowers in a splenid range and comprehensive range of colors—pinks, yellows, lavenders and scarlets. Florets are wide open and large, with petals of velvety texture. Pretty crinkled foliage of a rich appealing green.
Three $2.00, Doz. $5.50
VIOLAS and VIOLETS

VIOLA CORNUTA - Tufted Pansies

Hardy pansy-like plants that are true perennials and extremely easy to grow. They flower just after the pansies and continue during the entire season. Indeed some varieties are so extremely prolific that they are never without bloom. Be sure to provide them with good rich soil. While they like good drainage, avoid spots that become dry during the heat of the summer.

Apricot
A really rich orange-apricot shade, deepening to terra cotta at the center. The best in its color, particularly attractive when grouped next to some of its companions listed below.

A. Wickert Ruby
Very large, ruby-colored flowers that bloom throughout the summer. A most beautiful and unusual color, seldom found in violas or other plants. Try it next to Floraire—the contrast is lovely.

Catherine Sharp
A splendid hardy blue viola. The flowers are large and grow on long stiff stems well above the foliage. The yellow eye sets off the fine blue of this lovely flower, giving added life and sparkle. It does well even in light shade and has all the habits desirable in a good garden plant.

Floraire
A little gem, a Swiss variety that begins to bloom in May and continues until hard frost. The upper and major portion of the flower is very light blue, the lower section fading to white. The centers are marked with thin dark blue lines, giving a definite character to the whole plant. Outstanding for picking, even among such ideal picking plants as violas.

Golden Yellow
A very free flowering variety, produces rich golden yellow flowers all summer. Best in its color class.

Jersey Gem
The best known of the viola, having pure, rich violet, slightly perfumed flowers. Vigorous, bushy plants with roundish foliage. The flowers follow continuously.

Maggie Mott
This is the variety used by the hundreds of thousands in Europe for bedding or massing along borders. The flowers are a lovely pure pale blue and are beautifully proportioned. It is no wonder it is so popular. Maggie Mott is a good strong grower, extremely fragrant, free blooming, and does not require undue care or attention. It is in bloom all spring, summer and fall.

Perfection
Light blue flowers in abundance all summer; an excellent foil for the yellow or white violas.

White Perfection
Pure white blooms are borne in great profusion all through the summer. The best white and a necessary foil to the darker shades.

White Queen
The finest white viola, bearing large flowers high above the dense foliage. This variety is a necessary contrast to the deeper colors in violas; it combines exceptionally well with Catherine Sharp.

Mixed
A splendid assortment containing, in addition to the above colors, many others of varied shades and markings.

VIOLA ODORATA - Sweet Violet

Clumps of dark green, heart-shaped leaves, surmounted with sweetly scented violets. They grow in almost any soil, and in either sun or shade. Invaluable plants for shady place plantings and for the naturalized woodland.

Prince of Wales
A rich, deep purple, sweetly scented with large blooms. This best of the purple varieties flowers in May and usually again in the cool weeks of the fall. Height 6 inches.

Rosina
Deliciously fragrant flowers of pink or soft rose. Not as large as the blue types, but usually flowers again for a long time in late autumn.

Royal Robe
This is a glorious variety, a lustrous shade of deepest violet-blue, whose picture speaks for itself. The blossoms are moderately fragrant and open out flat like a pansy. A trial in your own garden will bear out all your fondest hopes. A few plants will furnish quantities of bloom on stems often 12 inches in length.

SCABIOSA - Pincushion Flower

Grows to a height of about 2 feet, bearing flowers in blue and white, made to order for cutting. Culture is simple, but heavy, wet soils should be avoided as scabiosas just will not live in such locations. Give them a light soil and full sun. Set 8 inches apart.

Caucasica

Three $1.50, Doz. $5.00

(Blue Bonnet.) Flower from June to September, sending up straight, stiff stems, surmounted with flat, cushion-like flowers. Medium lavender-blue, lighter as the flowers age. Unsurpassed for cutting.

Caucasica alba

Three $1.50, Doz. $5.00

Pure white form of the Blue Bonnet. Equally useful for cutting.

SALVIA - Sage

Showy border plants suitable for sunny locations, valued because of their attractive spikes of blue flowers in late summer and early fall. comparatively easy to grow, requiring little more care than a good ordinary soil. Space 1 foot apart.

Pitcheri

Admirable for long sprays of intensely deep blue flowers. Few perennial plants at any time of the year can compare with this distinct color. Excellent for the back of borders, and useful for cutting. Blooms in September.

STOKESIA - Cornflower Aster

Aster type flowers in midsummer and early fall. Likes a warm, sunny location, with a loamy, light soil. Set smaller varieties 6 inches apart, and larger types a foot apart.

Laevis coerulea

Medium flowers about 2 inches in diameter in August. Widely used for cutting, and for the back part of the border. In blue or white—please specify color desired.

Blue Moon

Really huge flowers of pure light china-blue, borne on thick, sturdy stems 18 inches long. Blooms constantly from midsummer until late fall. While the stems are straight, they do not grow upright, thus giving greater spread to the plant and making it more useful for borders. A most worthwhile addition to any perennial garden.

VERONICA - Speedwell

Well known and widely planted perennials that vary in height from a few inches to several feet. Dwarf varieties are suited for rock gardens where they form clumps and carpets. Taller sorts are suited for the border. Spikes of these are useful for cutting. Give full sunlight.

Blue Spire

A great improvement over the older spicata, and best all-around variety for the garden and cutting. Grows about 2 feet in height with long, true veronica-blue spires. Begins to flower in July and continues far a long time.

Incana

Dusty, silver-foliaged plants growing 1 foot high, with good sized spikes of blue flowers. Nice in a rockery where the foliage works in well with rocks.

Incana rosea

Very nice to use in connection with the blue incana, where the contrast of rosy pink flowers makes quite an effect.

Longifolia subsessilis

Exceptionally strong growing plants with large spikes of handsome dark blue. Spikes are equal in length to the largest other veronicas, and twice their size in diameter. Flowers from July to September. 2 feet.

Rupestris, Heavenly Blue

Excellent rock garden variety, growing a few inches tall. Numerous bright blue flowers in early June. Will stand light shade.

Perhaps no other flower is as universally known and loved as the rose, for no other flower repays you more satisfyingly in exquisite garden loveliness. Our lists include the finest and hardiest of the modern everblooming hybrid teas, the floribundas opulent with bloom, and the best of the decorative climbing roses. They have been grown with expert care—come to you as mature plants, sturdy, completely disease free, ready to grace your garden with their bursts of pure beauty.

THE ALL-AMERICA ROSE FOR 1944
MME. CHIANG KAI-SHEK
Selected by judges as the finest rose for 1944. This exquisite beauty carries the perfect form, the delightful fragrance, and the sheer beauty that you would naturally expect from a rose so honored. The buds are long, spiral, opening very slowly. The growth is vigorous, and like all roses, it is a heavy feeder, rewarding you many times for a little extra nutrient. You will want the Mme. Chiang Kai-Shek rose.
ANZAC

Charlotte Armstrong  Each $1.50, Doz. $15.00  (Patented.) An All-America Rose Selection. A new rose that is really red, but of a different tone to fit the varying seasons, and stages of development. Blood-red in the bud, opening to cerise in hot weather, and to spectrum-red in cooler weather. The flowers are long and pointed, measuring 3 to 4 inches in diameter, never showing the center. Continuously in bloom, doing excellently in all parts of the country. The flowers never show their centers and are very lasting.

Grand Duchesse Charlotte  Each $1.50, Doz. $15.00  (Patented.) The All-America Rose Selection for 1942. This rose aristocrat provides a color unknown in any other rose. The beautiful, long, stream-lined buds are glowing morocco-red and open to firm-petaled blossoms of dusky coral-red which do not fade, and gradually merge to a soft coral-pink. When unfolding, the petals recurve and make a delightfully informal, artistic flower with a hint of carnation fragrance.

Heart's Desire  Each $1.50, Doz. $15.00  (Patented.) In this new Gold Medal variety you will find one of the most perfect red roses ever hybridized. If you have been looking for a fine bright crimson rose, this will be your Heart's Desire. This lovely rose was the All-America Rose Selection for 1941. It is one of the best roses offered today.

Pink Diamond  Each $1.50, Doz. $15.00  (Patented.) The finest new pink hybrid tea rose in recent years. The large bright pink buds produced by this variety open a soft apple-blossom-pink, the center petals being darker, and the outer almost blush, giving intensity of color that is most attractive. The well formed, very double blooms frequently measure 5 to 6 inches in diameter, and appear in the greatest profusion. The plants are sturdy, upright growing, decidedly resistant to disease. So good that Pink Diamond isn't merely "worth-while"—it is a "must" in your garden of roses.

Santa Anita  Each $1.00, Doz. $10.00  Of delightful color, a soft satiny pink, and of fine form, with long, pointed buds, Santa Anita is truly a lovely rose when seen in the garden or cut for home use. Although not as large or impressive as Pink Diamond, Santa Anita, by its delicacy of coloring and scent, impresses you as one of the very finest of pink roses.

Anzac  Each $1.50, Doz. $15.00  Buds heavy with furled petals open slowly, exposing the center group of still tightly clustered petals, the whole resembling a huge camellia in shape. The color is coral, washed gold; as the flower ages, those tones lighten and brighten toward clear yellow. A fine new rose.

Apricot Queen  Each $1.50, Doz. $15.00  A lovely combination of colors—orange and apricot at the base of the petals, softening to light rose and even phlox-pink as the bloom develops fully. The bud is long and pointed, opening slowly. Apricot Queen is a strong grower with handsome glossy foliage.

California  Each $1.50, Doz. $15.00  (Patented.) An All-America Rose Selection. The color is a glorious shade of yellow, made up of ruddy orange-toned saffron-yellow, with the exterior of the broad petals overlaid with satin-rose—a dual tone effect of indescribable richness and beauty. Buds long and pointed, flowers of enormous size, reaching a diameter of five to six inches. Growth vigorous, with healthy, glossy green foliage. An outstandingly fine introduction from the state whose name it bears.
HYBRID TEA ROSES
EXPERTLY SELECTED FOR ALL-ROUND EXCELLENCE

The varieties we offer are all strong 2-year field-grown plants. They have been tried and found to be best in vigor, color, form, and fragrance. They flower prolifically from June to frost, and will give you many years of great satisfaction.

Roses delight in an extremely rich soil. In fact, it is almost impossible to over-feed them. So plan to put them in a rich soil, give them plenty of sunlight, side-dress them if you will, and reap the harvest of rose beauty in your garden.

Ami Quinard
Blackish maroon buds opening into flowers of rich velvety red. Quite fragrant. Strong, upright grower and fine producer. One of the most reliable of the dark red roses.

Caledonia
Continuous and free-blooming, this is one of the best pure white roses. Blooms are mildly fragrant and very double, carried on long, strong stems.

Crimson Glory
(Patented.) Without any question Crimson Glory is the finest dark crimson rose. The blooms are large, spread wide, and made up of heavy petals of lovely soft velvety texture. The fragrance is most intense. The plants are quite bushy and branch well to give a huge quantity of roses through its summer-long blooming season. The buds are beautifully pointed and hold their shape a long time before opening.

Étoile de Hollande
Brilliant crimson flowers with velvety finish and especially fine fragrance. In the half-open state it is probably the finest red rose in the world. An exceptionally vigorous grower, with unusually strong foliage.

Glowing Carmine
Big roses with many petals of a rich, clear carmine are produced in abundance. A strong grower with shapely and lasting flowers. Distinct in color. This is one of the very best of the "warm" colored roses.

Glowing Sunset
(Patented.) An unusually shaped rose of very pleasing personality. The long bud opens slowly to fully doubled flowers, the inner petals of which are lengthened and twisted, giving an appearance very similar to a cactus dahlia. The plants are very sturdy. The color of the blooms is an exquisite blending of orange-yellow and rose-pink. Glowing Sunset is one of the finest varieties for cutting that we list.

CALEDONIA
Golden Dawn
Probably the best yellow garden rose. Yellow buds, marked with crimson, open into full clear yellow blooms. Is a compact grower, giving an immense crop of flowers all season long. One of the most floriferous of yellow roses.

Golden Rapture
Each 75c, Doz. $7.50
The buds are long and pointed, opening to large, high-centered flowers carrying an old rose fragrance. The plants are upright in growth, with large glossy foliage. One of the best yellow roses for cutting, giving a wealth of golden yellow flowers of fine, rich color.

Joanna Hill
Each 75c, Doz. $7.50
A splendid rose for both garden and cutting. Full, double flowers of clear light yellow, with orange-yellow heart. The flowers are carried on long stems, and last for days when cut.

K. A. Victoria
Each 85c, Doz. $8.50
The long, shapely buds open to big, pure white flowers, exceptionally fragrant and perfect for cutting. A constant bloomer, and a fine addition to any rose garden.

McGredy’s Scarlet
Each 75c, Doz. $7.50
Full, fragrant flowers of vivid rose-red, with blazing scarlet sheen, having a trace of orange-yellow at the base of the petals. Color will vary somewhat with changing weather conditions.

Mrs. Jules Bouche
Each 85c, Doz. $8.50
Perfectly formed, long pointed buds and high-centered flowers of pure white, with a slight pink tint in the center when the flowers first open. Moderately fragrant. Healthy plants, always in bloom. Considered by many to be the finest white rose.

Mrs. Henri Guillot
Each $1.25, Doz. $12.50
(Patented.) A bicolor rose at most unusual personality. The deep watermelon pink of the petals is pointed up by reddish orange-yellow shadings of exquisite beauty. The buds are extremely long and tapering. The foliage is glistening, almost waxy in character and the plant is a sturdy, healthy variety of extra garden value.

Mrs. Pierre S. DuPont
Each 75c, Doz. $7.50
A yellow rose which blooms all the time and supplies good flowers. Nicely formed buds and double flowers of rich red-gold, almost orange in the depths. Plants are bushy, with attractive glossy foliage.

Pink Dawn
Each 75c, Doz. $7.50
One of the best of modern pink roses. Fine deep rose-pink, opening to lively pink with an orange base. Sweetly fragrant, fully double, and of vigorous upright habit.

Poinsettia
Each $1.00, Doz. $10.00
Never was a rose more splendidly named. The contrast between its bright green foliage and brilliant poinsettia-scarlet flowers is exactly like that of the Christmas plant for which it is named. Other roses are as red, but none have the intense brilliance of color of Poinsettia. Buds are long and pointed, making excellent cut flowers.

President Herbert Hoover
Each 75c, Doz. $7.50
A sturdy garden rose we cannot recommend too highly. Upright grower, reaching a height of three feet or more, with long, straight stems. Flowers are a charming combination of carmine-pink, flame-scarlet and yellow. Very fragrant and free flowering.

President Macia
Each $1.25, Doz. $12.50
Imagine the largest rosebuds you ever saw, of a lovely nearly round shape, marked with heavy veins of darker pink, each of the perfect buds on a splendid stem for cutting. This is President Macia. These lovely buds open to great billowy blooms nearly five inches across, with the face of the petals a shade lighter than the reverse.

Radiance
Each 75c, Doz. $7.50
The standard pink rose of today, and one that never fails. Large globular flowers of two-toned pink, light silvery rose inside and deeper outside. The plants are unusually robust in growth, comparing favorably with hybrid perpetuals in their canes and rugged constitution. It is not surprising that more Radiance roses are sold than any other variety.

Red Radiance
Each 75c, Doz. $7.50
Exactly like Radiance, except in color, which is a clear rich red.

Roslyn
Each 75c, Doz. $7.50
Buds of chrome-yellow, opening into flowers of rich daffodil-yellow that hold their color exceptionally well. Roslyn blooms exceedingly freely with fine flowers on long, strong canes.

Talisman
Each 75c, Doz. $7.50
Rich color.

The standard by which all combination gold and red roses are judged. Brilliant red and gold buds, opening to well-shaped blooms of scarlet-orange and rich yellow. One of the most popular varieties for cutting.

5 Hybrid Tea Roses $3.00
We will select a fine range of colors from the above list and many other varieties in our extensive collection of the finest Hybrid Teas. Each different, each labeled.
Large-Flowering Cluster Roses

These new polyantha roses are our choice for mass planting. Though the flowers are produced in the greatest abundance, the individual blooms also are of fine large size and excellent for cutting. They are one of the finest developments for the garden. They are uniform in height, 24 to 30 inches, and may be combined beautifully.

Cheerio
Superb in every respect—a rose of outstanding merit whether used for mass planting in beds or borders or to give an individual accent here or there in the garden. You will be most pleasantly surprised by the super-abundance of the brilliant double flowers borne in massive yet gracefully arranged flower clusters. The flower petals are clear mallow-pink shading to Tyrian rose at the base with the reverse a luminous rose-madder that creates an effective color balance.

Pink Jewel
A truly beautiful specimen rose plant, in a stunning shade of shimmering silvery pink. Few garden effects are as lovely as a hedge of this bloom-covered marvel. In June these plants are so blanketed with the lovely large double blooms that the foliage is almost completely hidden. Furthermore, they will continue to bloom all season long until the advent of winter. In the light pink class there is no rival to Pink Jewel.

Red Velvet
A spectacular bedding rose covered with great masses of urn-shaped buds opening to well-rounded blooms with gracefully waved petal edges. The general color effect is that of an intensely vivid crimson lake. The velvety finish of the flowers adds to the beauty and richness of the color. The outside of the flower petals is deep carmine, creating a charming color contrast that heightens the effectiveness of the display. Vigorous and free blooming.

Sunmist
Graceful, pointed buds opening into large, fluffy, well-rounded flowers of a clear light sulphur-yellow shading to mellow canary-yellow toward the base of the petals. Forms imposing large flower clusters. An outstanding bedding rose that gives a glorious effect, particularly if massed in beds or borders.

Collection of Four
The four finest new polyantha roses, unexcelled for beauty and usefulness.
One of each $3.50

Standard or Tree Roses

When properly grown no specimen garden plant is as beautiful or has as much appeal as the tree rose. It may be planted in the center of rose beds for special effects, or along driveways, in the formal garden, or even set as specimens in lawns. In any location they are most striking, blooming all summer long, from June until frost. Our plants are especially sturdy with heavy straight stems about 3½ feet in height. The canes (trees) of our standard roses are budded on multiflora japonica stock producing tree roses which carry much better root system than any other tree roses we have ever seen.

Mme. Jules Bouche
A fine pure white of extreme beauty, undoubtedly the best white tree rose, noted for its numerous and perfectly formed long pointed buds and high centered flowers, pure white with but a slight pink tint in the center when flowers first open. A healthy sturdy plant.

Mme. Jos. Perraud
For the favored garden where a yellow tree rose is desired, nothing can excel this fine variety. High aloft, this beautiful yellow rose blooms all the time, never being without some bloom from June until hard frost. Plants are bushy and well formed with attractive glossy foliage. The buds are beautifully formed and carry a hint of rich red gold, emphasizing the beauty of the pure yellow petals.

Pink Dawn
The combination of the tree rose form with one of the best of modern pink roses is one of the finest for your garden. The flowers are fine deep rose-pink, opening to a lighter pink. The blooms are quite fragrant, fully double and are held upright on long tall stems.

Poinsettia
Truly a spot of fire in your garden, for the contrast between its bright green foliage and the brilliant poinsettia-scarlet flowers is exactly like that of the Christmas plant for which it is so aptly named. Other roses are as red but none have the intense brilliance of color of Poinsettia. The buds are long and pointed and open slowly.

Radiance
This is one of the most satisfactory and heavy-blooming tree roses that has ever been grafted, unusually robust in growth, comparing favorably with hybrid perpetuals in its rugged constitution and sturdy structure. The flowers are two-toned pink, light silvery rose inside and deeper outside, large, globular in shape, fragrant and beautiful.

Talisman
Tree roses are used for accent points in the garden and none make so startling and beautiful an effect as the Talisman tree rose. The beautiful bushy plants carried three feet or more in the air on a strong sturdy tree, are covered with beautiful Talisman roses, so well known to all gardeners. The beauty of the Talisman rose is in the delicate nuances of its color combinations and its finely shaped buds—and it has the advantage of holding its bud shape a long time.

Flowerfield's Bulb Food

Bulbs and plants are alike in demanding three conditions: water, food, and cultivation. Water is the most important factor in plant life; but don't water lightly and frequently, give your garden a thorough soaking at longer intervals. Then conserve the subsoil moisture by cultivation around the plants. This cultivation should also keep down weeds which spoil the effect and rob the plant of some of its available water and food.

Feed your plants. Unless your garden is unusually rich, you will get far more satisfactory results by supplying extra nutrient. Flowerfield offers for this purpose, a special bulb and plant food which we manufacture ourselves. Mixed with your garden or potting soil, it will produce the finest results possible. We recommend the peck size at $1.00; also supply it by the quart at 25c. Postpaid.
flowerfield CLIMBING ROSES

These require no pruning in the spring except the cutting out of very old dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered. Prune severely in July, directly after they have finished blooming.

Bess Lovett Each 75c, Doz. $7.50
A fine light crimson climber, bearing large cup-shaped full blooms, in long-stemmed clusters that are excellent for cutting. Intensely fragrant.

Climbing American Beauty Each 75c, Doz. $7.50
Strong growing variety, with good sized flowers of pleasing rose-pink. Grows to a height of 10 to 12 feet.

Dorothy Perkins Each 75c, Doz. $7.50
An old favorite that still cannot be beaten. A real rambler rose that will climb over walls, trellises and fences, carrying in June just hundreds of tight little flowers of pleasing soft shell-pink.

Dr. W. Van Fleet Each 75c, Doz. $7.50
Buds of rich flesh-pink open into flowers of just slightly lighter color, an stems that run 12 to 18 inches long. One of the few free-blooming climbing roses that may well be used for cutting.

Mme. Gregoire Staechelin Each 85c, Doz. $8.50
While not quite a pure pink, Mme. Gregoire Staechelin is one of the finest varieties in that general color. Carmine buds open into large flowers of iridescent pearl-pink, splashed with carmine. A well-established plant in full bloom is a sight to behold.

New Dawn Each $1.50, Doz. $15.00
(Patented.) Probably the finest climber ever hybridized, New Dawn is so good that it was the first plant ever to be registered with the United States Patent Office, as a plant patent. New Dawn is extremely floriferous, being covered with large flesh-pink double blooms in June and continuing to bloom through to the late fall.

Paul's Scarlet Each 75c, Doz. $7.50
We offer this as the most satisfactory red climbing rose today. A heavy, vigorous grower with enormous clusters of vivid scarlet flowers that never fade.

Silver Moon Each 75c, Doz. $7.50
Beautiful silvery white flowers, single or semi-double, that measure as much as 4 inches across. The pure white of the blooms is set off by bright golden anthers, giving the flowers much the appearance of huge clematis blooms.

New Horvath Climbers

Buff King Each $2.00, Doz. $20.00
(Patented.) One of the loveliest, most delicate colored roses in the climber class, a fine cameo-like amber with pink shading. The growth is sturdy and strong, bearing huge trusses of the lovely double blooms twice during the season. Extra hardy and sturdy, growing to 10 or 12 feet tall.

Double Each $1.50, Doz. $15.00
(Patented.) A vigorous, pure yellow climber with heavy wood and handsome, glossy foliage. When in bloom the whole plant is literally covered with great clusters of large golden blooms. Two crops of the double flowers are borne, six weeks apart, if the first spring blooms are not cut. We consider this far and away the best yellow climber.

Meda Each $2.00, Doz. $20.00
(Patented.) The outer petals are a beautiful pale buff-shrimp-pink, increasing in intensity to a deeper and richer shading toward the center, until a lovely tone of deep carmine-pink is reached. The petals overlap most artistically, resembling dozens of gleaming seashells, all curled and twisted into the form of a perfect hybrid tea rose, 3 to 4 inches across. A fine climber that will withstand adverse conditions well.

Polaris Each $2.00, Doz. $20.00
(Patented.) A hardy climber of robust growth, disease resistant and exceedingly free blooming. The pure white flowers are individually 2 inches across and come in huge trusses. For profusion of bloom and pervading fragrance, no other rose can match this finest of the white climbers.

Thor Each $2.50, Doz. $25.00
A brilliant red climber with blooms the color of Crimson Glory. The flowers are very slow in unfolding, and when fully open measure 4 to 5 inches across. Although large, they are perfectly formed and just as large as those of a hybrid tea. Flowers are produced abundantly on unbranching spur branches 12 to 18 inches long, holding the flowers in perfect position. Flowers have about 50 petals, and do not fade when fully open. Rich green abundant foliage that grows to a height of 8 to 10 feet. Very hardy. Indeed one of the best scarlet climbers to be introduced.
An Iris Kaempferi without peer in its color class, Blue Giant is one of the finest and largest of all, the single petals measuring more than 9 inches across. A well established plant will produce dozens of the lovely flowers illustrated above, holding them well above the decorative foliage, usually about 3 feet tall, although where moisture is abundant 5 feet is not at all unusual. Flowerfield specializes in Iris Kaempferi, and Blue Giant is one of our best.

Each 50c, Doz. $5.00
